Wells-Barnett and American Reform, 1880-1930** Patricia A. Schechter, 2003-01-14 Pioneering African American journalist Ida B Wells Barnett 1862 1931 is widely remembered for her courageous antilynching crusade in the 1890s the full range of her struggles against injustice is not as well known With this book Patricia Schechter restores Wells Barnett to her central if embattled place in the early reform movements for civil rights women's suffrage and Progressivism in the United States and abroad Schechter's comprehensive treatment makes vivid the scope of Wells Barnett's contributions and examines why the political philosophy and leadership of this extraordinary activist eventually became marginalized Though forced into the shadow of black male leaders such as W E B Du Bois and Booker T Washington and misunderstood and then

ignored by white women reformers such as Frances E Willard and Jane Addams Wells Barnett nevertheless successfully enacted a religiously inspired female centered and intensely political vision of social betterment and empowerment for African American communities throughout her adult years By analyzing her ideas and activism in fresh sharpness and detail Schechter exposes the promise and limits of social change by and for black women during an especially violent yet hopeful era in U S history

Creating a Female Dominion in American Reform, 1890-1935 Robyn Muncy, 1994-04-28 In this book Muncy explains the continuity of white middle class American female reform activity between the Progressive era and the New Deal She argues that during the Progressive era female reformers built an interlocking set of organizations that attempted to control child welfare policy Within this policymaking body female progressives professionalized their values bureaucratized their methods and institutionalized their reforming networks To refer to the organizational structure embodying these processes the book develops the original concept of a female dominion in the otherwise male empire of policymaking At the head of this dominion stood the Children s Bureau in the federal Department of Labor Muncy investigates the development of the dominion and its particular characteristics such as its monopoly over child welfare and its commitment to public welfare and shows how it was dependent on a peculiarly female professionalism By exploring that process this book illuminates the relationship between professionalization and reform the origins and meaning of Progressive reform and the role of gender in creating the American welfare state

Seeing with Their Hearts Maureen A. Flanagan, 2020-07-21 At the turn of the last century as industrialists and workers made Chicago the hardworking City of Big Shoulders celebrated by Carl Sandburg Chicago women articulated an alternative City of Homes in which the welfare of residents would be the municipal government s principal purpose Seeing With Their Hearts traces the formation of this vision from the relief efforts following the Chicago fire of 1871 through the many political battles of the Gilded Age and Progressive Era In the process it presses a new understanding of the roles of women in public life and writes a new history of urban America Heeding the call of activist Louise de Koven Bowen to become third class passengers on the train of life thousands of women put their shoulders to the wheel and their whole hearts into the work of fighting for better education worker protections clean air and water building safety health care and women s suffrage Though several well known activists appeared frequently in these initiatives Maureen Flanagan offers compelling evidence that women established a broad and durable solidarity that spanned

differences of race class and political experience She also shows that these women emphasizing their common identity as women seeking a city amenable to the needs of women children families and homes pursued a vision and goals distinct from the reform agenda of Progressive male activists They fought hard and sometimes successfully in a variety of public places and sites of power winning victories from increased political clout and prenatal care to municipal garbage collection and pasteurized milk While telling the fascinating and in some cases previously untold stories of women activists during Chicago's formative period this book fundamentally recasts urban social and political history

Hearts Beating for Liberty Stacey M. Robertson, 2010 Hearts Beating for Liberty Women Abolitionists in the Old Northwest **Illinois History**, 1991 **The Road-maker**, 1917 **Race and Rights** Dana Elizabeth Weiner, 2013-01-15 In the Old Northwest from 1830 to 1870 a bold set of activists battled slavery and racial prejudice This book is about their expansive efforts to eradicate southern slavery and its local influence in the contentious milieu of four new states carved out of the Northwest Territory Illinois Indiana Michigan and Ohio While the Northwest Ordinance outlawed slavery in the region in 1787 in reality both it and racism continued to exert strong influence in the Old Northwest as seen in the race based limitations of civil liberties there Indeed these states comprised the central battleground over race and rights in antebellum America in a time when race's social meaning was deeply infused into all aspects of Americans lives and when people struggled to establish political consensus Antislavery and anti prejudice activists from a range of institutional bases crossed racial lines as they battled to expand African American rights in this region Whether they were antislavery lecturers journalists or African American leaders of the Black Convention Movement women or men they formed associations wrote publicly to denounce their local racial climate and gave controversial lectures In the process they discovered that they had to fight for their own right to advocate for others This bracing new history by Dana Elizabeth Weiner is thus not only a history of activism but also a history of how Old Northwest reformers understood the law and shaped new conceptions of justice and civil liberties The newest addition to the Mellon sponsored Early American Places Series Race and Rights will be a much welcomed contribution to the study of race and social activism in nineteenth century America [Encyclopedia of World Geography](#) R. W. McColl, 2005 Presents a comprehensive guide to the geography of the world with world maps and articles on cartography notable explorers climate and more

women became so involved Part Two focuses on the primary groups involved in the law's passage such as the National Woman's Christian Temperance Union and the General Federation of Women's Clubs How it was that such diverse groups rallied around this issue is also explored The industrial and political opposition to the law and how the crusaders overcame it is covered in Part Three along with details on how the law's proponents were able to pressure the U S Congress into passing it and how they worked to see it fully implemented Power, Passion, and Faith Sharon M. Wyman, 2022-03-01 It is the morning of July 1 1938 and New York City is just beginning to stir For Emmy Evald it is a day of reckoning Born the daughter of a pioneer preacher in 1857 in Geneva Illinois Emmy Evald grew up in the poor section of Chicago known as Swede Town Despite her humble beginnings she became one of the most influential and remarkable Swedish American women of her day Emmy began challenging the male dominated church and social mores early on Clear in her vision she established the Lutheran Woman's Missionary Society in 1892 raising more than 3 million which provided health care and education to women worldwide A distinguished orator Emmy led the charge on behalf of women's suffrage and marched with Susan B Anthony to the US Congress in 1902 Her actions met with both victory and defeat Some women felt a woman's place was in the home and resented her Men tried to silence her spirit But she was a force to be reckoned with one who never gave up on the fight for women's rights and social justice **Creating Chicago's North Shore** Michael H. Ebner, 1988 They are the suburban jewels that crown one of the world's premier cities Evanston Wilmette Kenilworth Winnetka Glencoe Highland Park Lake Forest Lake Bluff together they comprise the North Shore of Chicago a social registry of eight communities that serve as a genteel enclave of affluence culture and high society Historian Michael H Ebner explains the origins and evolution of the North Shore as a distinctive region At the same time he tells the paradoxical story of how these suburbs with their common heritage mutual values and shared aspirations still preserve their distinctly separate identities Embedded in this history are important lessons about the uneasy development of the American metropolis *Illinois Libraries*, 1980 Includes proceedings of the Illinois Library Association
