**Contemporary Review** ,1878      **Chasing Empire across the Sea** Kenneth J. Banks,2002-11-21 Banks defines and applies the concept of communications in a far broader context than previous historical studies of communication encompassing a range of human activity from sailing routes to mapping to presses to building roads and bridges He employs a comparative analysis of early modern French imperialism integrating three types of overseas possessions usually considered separately the settlement colony New France the tropical monoculture colony the French Windward Islands and the early Enlightenment planned colony Louisiana offering a work of synthesis that unites the historiographies and insights from three formerly separate historical literatures Banks challenges the very notion that a concrete empire emerged by the first half of the eighteenth century in fact French colonies remained largely isolated arenas of action and development Only with the contraction and concentration of overseas possessions after 1763 on the Plantation Complex did a more cohesive if fleeting French empire first emerge
