Seip,2018-04-24 This book introduces the reader to Robert Govett 1813 1901 dissenting clergyman and author who wrote as a scholar of biblical prophecy primarily on the subject of the exclusion of believers in the Millennial Kingdom an idea of which he conceived The purpose of the book is threefold 1 to describe Govett his life and his printed work 2 to analyze Govett s eschatological beliefs especially those he originated and 3 to investigate why a respected theologian in England who

had published over 180 books and tracts disappeared from dissenting print culture early in the twentieth century Govett's doctrine of exclusion was heavily intertwined with most of his writings. It was a topic that he developed throughout his career. Yet as the center of dispensationalism shifted to America Govett's views of the Rapture began to be seen as extreme. The book explains why Govett was eclipsed as the center of the evangelical movement shifted and its theology ossified. Since his death Govett has been occasionally remembered in scholarship but with increasing inaccuracies and skepticism. This book seeks to remove the mystery. Theology and the Victorian Novel J. Russell Perkin, 2009-11-04. Beginning with a wide ranging introduction that explains why a theological reading of Victorian fiction is both rewarding and timely Perkin also addresses religion's return to prominence in the twenty first century confounding earlier predictions of its imminent demise. Chapters on William Thackeray Charlotte Brontë Charlotte Yonge Anthony Trollope George Eliot and Thomas Hardy are followed by a concluding discussion of Mary Ward and Walter Pater that relates Pater's Marius the Epicurean to postmodern theology and shows how it remains a religious classic for our own time. **Unbelief in Interwar Literary Culture** Suzanne Hobson, 2022. Explores connections between literary figures and organized secularist movements and groups in the interwar period with a focus on the works of Vernon Lee H. G. Wells George Moore D. H. Lawrence and Mary Borden among others.

An Australian Girl Catherine Martin, 2002. As Australia began the process of breaking away from its status as a British colony Catherine Martin was fascinated with the meaning of Australian culture and identity. She examines these issues through the story of the independent and intelligent Stella Courtland a young girl who marries and finds herself hampered by the social constraints of her new life. In this sensitive late of moral and emotional growth Martin brilliantly captures this turning point in Australian history and anticipates the values

of a new generation *The Palgrave Encyclopedia of Victorian Women's Writing* Lesa Scholl, Emily Morris, 2022-12-15 Since the late twentieth century there has been a strategic campaign to recover the impact of Victorian women writers in the field of English literature. However, with the increased understanding of the importance of interdisciplinarity in the twenty-first century, there is a need to extend this campaign beyond literary studies in order to recognise the role of women writers across the nineteenth century, a time that was intrinsically interdisciplinary in approach to scholarly writing and public intellectual engagement.

Curiosities of Literature John Sutherland, 2009-04-22 A grab bag of a book crammed with amusing trivia. *The Wall Street Journal*

A Novel Hope? Bernard Marcus Woodley, 2025-06-13 Christians today are often struggling with many of the same theological problems that Victorians were especially regarding hell and the God of love. One answer to these questions found in nineteenth-century Britain was the seemingly surprising reappearance of the early Christian eschatological theory of universalism, the belief that all of humanity will be saved. Even though this re-emergence has already been acknowledged by scholars of Victorianism, its extent has been widely underestimated. This book then aims to describe why universalism became an increasingly viable option in a time of growing religious doubt and especially how it established itself in and with the help of the century's fiction, not only in the more overtly universalist novels of Gaskell and Anne Brontë but also across works ranging from Dickens, Gissing, Linton, and Oliphant all the way to Ward and Wells.

The Spiritual Practice of Remembering Margaret Bendroth, 2013-11-11 We often dismiss history as dull or irrelevant, but our modern disengagement from the past puts us fundamentally out of step with the long witness of the Christian tradition. Yet, as Margaret Bendroth argues, the past tense is essential to our language of faith, and without it, our conversation is limited and thin. This accessible, beautifully written book presents a new argument for honoring the past. The Christian tradition gives us the powerful image of a vast communion of saints, all of God's people, both living and dead, in vital conversation with each other. This kind of connection with our ancestors in the faith, Bendroth maintains, will not happen by wishing or by accident. She argues that remembering must become a regular spiritual practice, part of the rhythm of our daily lives, as we recognize our world to be in many ways a gift from others who have gone before.

Who Betrays Elizabeth Bennet? John Sutherland, 1999 In *Who Betrays Elizabeth Bennet*, John Sutherland unravels 34 literary puzzles in a sequel to his bestselling *Is Heathcliff a Murderer and Can Jane Eyre Be Happy?* As well as exploring new conundrums, Professor Sutherland revisits some previous puzzles with the help of readers who offer their own ingenious solutions and set fresh posers for investigation. Victorian drug habits, railway systems, sanitation, and dentistry are only a few of the areas that shed light on the motives and circumstances of some of literature's most famous characters. Elizabeth Bennet, Betsey Trotwood, Count Dracula, Anna Karenina, Alice, and many more come under the spotlight in John Sutherland's highly entertaining collection. Sutherland puts humanity and the human logic and curiosity back into criticism. His respect for the realism of texts inspires insights and delights.

Valentine Cunningham **Science and Religion in Neo-Victorian Novels** John Glendening, 2013-04-17 Criticism

about the neo Victorian novel a genre of historical fiction that re imagines aspects of the Victorian world from present day perspectives has expanded rapidly in the last fifteen years but given little attention to the engagement between science and religion Of great interest to Victorians this subject often appears in neo Victorian novels including those by such well known authors as John Fowles A S Byatt Graham Swift and Mathew Kneale This book discusses novels in which nineteenth century science including geology paleontology and evolutionary theory interacts with religion through accommodations conflicts and crises of faith In general these texts abandon conventional religion but retain the ethical connectedness and celebration of life associated with spirituality at its best Registering the growth of nineteenth century secularism and drawing on aspects of the romantic tradition and ecological thinking they honor the natural world without imagining that it exists for humans or functions in reference to human values In particular they enact a form of wonderment the capacity of the mind to make sense of creatively adapt and enjoy the world out of which it has evolved in short to endow it with meaning Protagonists who come to experience reality in this expansive way release themselves from self anxiety and alienation In this book Glendening shows how by intermixing past and present fact and fiction neo Victorian narratives with a few instructive exceptions manifest this pattern
