Catalogue of the Public Documents of the ... Congress and of All Departments of the Government of the United States for the Period from ... to ..., 1935 The Exchequer Reports Great Britain. Court of Exchequer, William Newland Welsby, Edwin Tyrrell Hurlstone, John Gordon, 1849 *The Robert Hall Diaries 1947-1953 (Routledge Revivals)* Alec Cairncross, 2014-06-17 Lord Roberthall was economic adviser to a succession of Labour and Conservative governments from 1947 to 1961 During that time he served under eight Chancellors and exercised more influence on economic policy than perhaps any other official Fortunately though it was contrary to Civil Service rules he kept a diary in which he documented and reflected on day to day events This first volume published in 1989 deals with the years between 1947 and 1953 in which Robert Hall acted as Director of the Economic Section and was faced with a variety of lingering uncertainties This is a highly readable and fascinating account of what went on inside government in the post war years The book provides a unique picture of the relationship between Whitehall and Downing Street and those people who shaped this challenging period in British economic history Edited by Sir Alec Cairncross who succeeded Lord Roberthall as Economic Adviser to HM Government in 1961 this reissue will interest any student researching policy and decision making in the post war period

Lubenow, 2024 Examines the entanglement of secularity and liberality in the foundation of the modern state in Britain Modern Britain emerged from the outcome of the French Revolution and the Napoleonic Wars The rather standard Whig account of the long nineteenth century is one of growing stability progress and improvement And yet nothing was preordained or inevitable about the period s stability Ruling elites felt the constant anxieties of revolutionary terrorism As Lubenow argues it was a period of disorganization seeking organization The great nineteenth century reform acts against religious monopoly were aspects of this process of political organization While religion did not disappear these political actions gradually changed the constitutional position of religion As a result a political vacuum was created which was then filled by a secular clerisy These fit and proper persons educated in the reformed universities qualified by success in competitive examinations began to fill positions in the Civil Service and in the professions The effect was to replace the eighteenth century system of confessional loyalties with a liberal political culture based on merit Lubenow s latest study examines the work of these intertwining nineteenth century secular liberal processes Steeped deeply in archival research this book considers biographical characteristics such as education political connections and social associations but it is equally conceptually guided by categories such as liberalism and secularism It fills an important gap in the political history of nineteenth century British liberalism by taking up the question of entanglement of secularity and liberality in the foundation of the modern state

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
