Antier, L.A. Lacoste and A. Chapponier].* Robert Macaire (fict.name.), 1888 *The Sounds of Paris in Verdi's La traviata* Emilio Sala, 2013-05-09 How did Paris and its musical landscape influence Verdi's *La traviata* In this book Emilio Sala re-examines *La traviata* in the cultural context of the French capital in the mid nineteenth century Verdi arrived in Paris in 1847 and stayed for almost two years there he began his relationship with Giuseppina Strepponi and assiduously attended performances at the popular theatres whose plays made frequent use of incidental music to intensify emotion and render certain dramatic moments memorable to the audience It is in one of these popular theatres that Verdi probably witnessed one of the first performances of Dumas fils *La Dame aux camélias* which became hugely successful in 1852 Making use of primary source material including unpublished musical works journal articles and rare documents and images Sala's close examination of the incidental music of *La Dame aux camélias* and its musical context offers an invaluable interpretation of *La traviata*'s modernity *Sir Henry Irving* Jeffrey Richards, 2007-01-20 Sir Henry Irving was the greatest actor of the Victorian age and was thought of by Gladstone as his greatest contemporary He transformed the theatre in Britain and America from a disreputable and marginal entertainment into a respected and uplifting art form This work gives an account of Irving and his impact on the Victorian theatre and life

Annual Conference, 2005 The thirteen essays in this volume based on selected papers given at the Second Annual Conference of the Society of Dix-Neuviémistes 2003 explore the relationships between symbolic monetary and literary currencies in nineteenth century France Essays focus on the sometimes surprising treatment of capitalism and commodity culture in the works of Mallarmé Zola and Huysmans the transfer and borrowing of economic and literary commodities names and concepts in nineteenth century culture from *Flora Tristan*'s *July Monarchy* to Schwob's *fin de siècle* moment and the interplay between wealth and identity and commerce and globalisation in the writings of Hugo Janin and Balzac While it is widely acknowledged that the theme of money is central to nineteenth century literature this volume is innovative in tracing the variation breadth and ubiquity of the idea of currencies in the cultural imaginary of the epoch **The Foreign Quarterly Review**, 1843 *Scenes of Parisian Modernity* H.

Hahn,2009-11-23 Integrating the history of Paris with the history of consumption the press publicity advertising and spectacle this book traces the evolution of the urban core districts of consumption and explores elements of consumer culture such as the print media publishing retail techniques tourism city marketing fashion illustrated posters and Montmartre culture in the nineteenth century Hahn emphasizes the tension between art and industry and between culture and commerce a dynamic that significantly marked urban commercial modernity that spread new imaginary about consumption She argues that Parisian consumer culture arose earlier than generally thought and explores the intense commercialization Paris underwent

The Foreign quarterly review [ed. by J.G. Cochrane]. John George Cochrane,1843 **Nights at the Play** Dutton Cook,1883 **The Subject of Murder** Lisa Downing,2024-05-31 The subject of murder has always held a particular fascination for us But since at least the nineteenth century we have seen the murderer as different from the ordinary citizen a special individual like an artist or a genius who exists apart from the moral majority a sovereign self who obeys only the destructive urge sometimes even commanding cult followings In contemporary culture we continue to believe that there is something different and exceptional about killers but is the murderer such a distinctive type Are they degenerate beasts or supermen as they have been depicted on the page and the screen Or are murderers something else entirely In *The Subject of Murder* Lisa Downing explores the ways in which the figure of the murderer has been made to signify a specific kind of social subject in Western modernity Drawing on the work of Foucault in her studies of the lives and crimes of killers in Europe and the United States Downing interrogates the meanings of media and texts produced about and by murderers Upending the usual treatment of murderers as isolated figures or exceptional individuals Downing argues that they are ordinary people reflections of our society at the intersections of gender agency desire and violence *The Reader's Handbook of Famous Names in Fiction, Allusions, References, Proverbs, Plots, Stories, and Poems* Ebenezer Cobham Brewer,1899 *Herd Register* American Jersey Cattle Club,1879 *Matchmaking and the Marriage Market in Postrevolutionary France* Andrea Mansker,2024-12-15 Matchmaking and the Marriage Market in Postrevolutionary France uncovers the unexplored history of matrimonial agents their novel marketing tactics and the rise of personal advertisements to track the commercialization of marriage in nineteenth century France Brokers transformed courtship and marriage into forms of commercial exchange linking them to the burgeoning urban values of abundance pleasure and social mobility By studying agents and readers media fictions on love alongside court cases legislation and literature surrounding the industry Andrea Mansker reveals the intimate and socioeconomic pressures of finding a spouse At the same time she demonstrates how contemporaries used the business of matrimony to reimagine their public identities relationships and courtship rituals following unprecedented historical change due to the French Revolution and Napoleonic wars The matchmaking business both responded to and helped shape national anxieties over fluctuating nuptial rates and changing laws on marriage and divorce As a result marriage itself was reconceived as a commercial contract inseparable from the atomistic and corrupt

marketplace The debates and pressures Mansker describes in *Matchmaking and the Marriage Market in Postrevolutionary France* are still relevant today As contemporary online daters likely understand the possibility of finding a mate in an expanded pool of candidates beyond one's family locality and nation offered individuals the liberating opportunity to explore new personas just as it produced a novel sense of danger about these impersonal transactions in the anonymous marketplace
