Robert Stern:

Robert Stern David Dunster, Vincent Scully, Robert Stern, 1986 **Robert A. M. Stern** David Anger, 1996 Describes the life and work of the noted American architect whose creations include Disney's animation studio Robert A.M. Stern Robert A. M. Stern, 2010-12-21 In over thirty years of practice Robert A M Stern has developed a distinctive architecture committed to the synthesis of tradition and innovation and above all to the creation and enhancement of a meaningful sense of place This monograph covering the years 1999 2002 is the fourth in a series on Stern's work The volume includes more than one hundred projects including houses and apartments buildings for cultural institutions and universities office and commercial structures government facilities and designs for products including fabric and tableware From the Trade Paperback edition **Robert Stern** Robert A. M. Stern, 1981 **The Philip Johnson Tapes** Philip Johnson, Robert A. M. Stern, 2008 The Philip Johnson Tapes transcribed and edited only after Johnson's death will be a revelation **Open Studio** Robert A.M. Stern, 2018-11-27 Open Studio offers a window into the methods and unique culture of an architecture firm that has achieved international success Curated illustrations of hand sketches study models design sessions and site visits pull back the curtain on the creative collaboration behind the scenes at Robert A M Stern Architects Nearly 100 pages of photographs of finished work including academic buildings museums houses apartment houses and office towers demonstrate the firm's ability to realize modern buildings in a wide variety of stylistic vocabularies through a commitment to fundamental principles of architecture and a respect for context and history Founded in 1969 the 250 person New York based Robert A M Stern Architects has received numerous awards for design excellence from the American Institute of Architects the Congress for the New Urbanism the Urban Land Institute the Society for College and University Planning and the Institute of Classical Architecture and Art *Robert A. M. Stern* Robert A. M. Stern, 1997 In over thirty years of practice Robert A M Stern has developed a distinctive architecture committed to the synthesis of tradition and innovation and above all to the creation and enhancement of a meaningful sense of place Inspired by the great legacy of American architecture the firm of Robert A M Stern Architects has produced a variety of building types in a range of stylistic vocabularies The design of houses for which the firm initially gained notice remains a cornerstone of the practice Beautifully illustrated in color this major monograph a companion volume to the best selling Robert A M Stern Buildings thoroughly documents more than forty five houses built over the course of thirty years These distinguished houses are located in diverse settings across the United States from San Francisco's Russian Hill to the Rocky Mountains to the Long Island and New England coasts In every case Stern has emphasized the importance of context by exploring the nature of place through houses that embody the region's vernacular architectural heritage as well as gracefully reflect each site's unique natural setting Whether considering classical New York town houses Shingle Style cottages by the sea or Scandinavian log houses as reinterpreted on the American frontier Stern has fostered a strong sense of architectural continuity and connection to the past by participating in the

dialogue across time that he believes lies at the heart of architecture *Robert A.M. Stern, 1965-1980* Robert A. M. Stern,1981 A World History of Architecture Marian Moffett,Michael W. Fazio,Lawrence Wodehouse,2003 The Roman architect and engineer Vitruvius declared firmitas utilitas and venustas firmness commodity and delight to be the three essential attributes of architecture These qualities are brilliantly explored in this book which uniquely comprises both a detailed survey of Western architecture including Pre Columbian America and an introduction to architecture from the Middle East India Russia China and Japan The text encourages readers to examine closely the pragmatic innovative and aesthetic attributes of buildings and to imagine how these would have been praised or criticized by contemporary observers Artistic economic environmental political social and technological contexts are discussed so as to determine the extent to which buildings met the needs of clients society at large and future generations Robert Stern ,1981 **Robert A. M. Stern** Robert A. M. Stern,1996 Robert A M Stern opened his New York based office in 1977 He has built houses and buildings many for Disney and other famous clients around the world This collection presents 30 non residential works built by the firm of Robert A M Stern Projects featured include the Disney Feature Animation building California the Newport Bay Hotel and Cheyenne Hotel Euro Disney Paris and Mexx International Headquarters The Netherlands *The Cape Cod Cottage* William Morgan,2006-05-04 The Cape Cod cottage has been one of America's most popular home styles for almost four hundred years While a perennial domestic favorite historians have long ignored the modest Cape Cod relegating it to a vernacular footnote along with barns and mills In *The Cape Cod Cottage* architectural historian and photographer William Morgan places this uniquely American house a remarkable combination of necessity and tradition in its historical context and makes a compelling argument for the reassessment of its place in the history of American architecture The Cape Cod Cottage follows the uniquely American house type from its earliest beginnings in the colonial period through its spread across New England to its embrace as a suburban ideal in the twentieth century and its reinterpretation by contemporary architects Historical images of lost Capes augment beautiful new photographs taken specifically for the book As a tribute to a special house The Cape Cod Cottage is an appeal to preserve the Cape's legacy and an essential document of this unique architectural icon

Constructivism in Ethics Carla Bagnoli,2013-07-18 Ten specially written essays define the term constructivism and ask crucial questions about the foundation of morality **Designs for Living** Randy M. Correll,Gary L. Brewer,Grant F. Marani,Roger H. Seifert,2014-05-13 In *Designs for Living* Roger H Seifert Randy M Correll Grant F Marani and Gary L Brewer who lead the residential practice at Robert A M Stern Architects present fifteen houses the firm has completed over the past ten years From contemporary interpretations of the shingle style to robust Mediterranean designs the houses are stylistically diverse reflecting RAMSA's deep knowledge of history and precedent Each partner provides insight into the design process and his individual approach to working with clients Houses are located in dramatic settings from Napa and Sonoma to the spectacular coastline of the Hamptons and New England Whether overlooking the ocean or nestled into the

mountainside these remarkable houses reveal the architects emphasis on the importance of context and their dedication to exploring the nature of place and environment Each house invokes the vernacular architectural heritage particular to its region while gracefully reflecting its natural surroundings Connecting contemporary lifestyles to traditional American aesthetics these residences are exceptional both for their timelessness and their ability to evoke a conversation with the past a dialogue the RAMSA partners believe lies at the heart of architecture

Robert AM Stern Robert A. M. Stern,1991 Robert Stern s work as an architect is indivisible from his abiding concern with history and historical style and he is seen as one the originators and key theorists of post modernism The 33 projects featured here reveal the range of influences which have informed Stern s buildings *The Impact of Trade Agreements Implemented Under Trade Promotion Authority, Inv. TA-2103-1* , Practical and Theoretical Reason in Modern Philosophy Paniel Reyes Cárdenas,Roberto Casales García,Daniel R. Herbert,2024-04-02 The present collection aims to examine this fertile period in the history of philosophy concerning its significance for understanding the relation between theoretical and practical reason or relatedly facts and values Our contributors have explored different important ways in which both the shortcomings and insights of the theoretical practical distinction have shaped Western philosophy *American Studies* Jack Salzman,1986-08-29 This is an annotated bibliography of 20th century books through 1983 and is a reworking of American Studies An Annotated Bibliography of Works on the Civilization of the United States published in 1982 Seeking to provide foreign nationals with a comprehensive and authoritative list of sources of information concerning America it focuses on books that have an important cultural framework and does not include those which are primarily theoretical or methodological It is organized in 11 sections anthropology and folklore art and architecture history literature music political science popular culture psychology religion science technology medicine and sociology Each section contains a preface introducing the reader to basic bibliographic resources in that discipline and paragraph length non evaluative annotations Includes author title and subject indexes ISBN 0 521 32555 2 set 150 00

Architecture Theory since 1968 K. Michael Hays,2000-02-28 An anthology of the pivotal theoretical texts that have defined architecture culture in the late twentieth century In the discussion of architecture there is a prevailing sentiment that since 1968 cultural production in its traditional sense can no longer be understood to rise spontaneously as a matter of social course but must now be constructed through ever more self conscious theoretical procedures The development of interpretive modes of various stripes post structuralist Marxian phenomenological psychoanalytic as well as others dissenting or eccentric has given scholars a range of tools for rethinking architecture in relation to other fields and for reasserting architectures general importance in intellectual discourse This anthology presents forty seven of the primary texts of architecture theory introducing each with an explication of the concepts and categories necessary for its understanding and evaluation It also presents twelve documents of projects or events that had major theoretical repercussions for the period Several of the essays appear here in English for the first time
