Ebrahimi, 2004-08-06 Director Babak Ebrahimi examines and explores the similarities and differences between cinema and theater and in doing so defines a new theater form that uses film theories and aesthetics as its foundation **Musical Portraits** Joshua S. Walden, 2018 Joshua S. Walden's study of the genre of musical portraiture since 1945 focuses on significant composers of the period including Pierre Boulez, Morton Feldman, Philip Glass and György Ligeti. Grounding his exploration in key works, Walden uncovers contemporary understandings of music's capacity to depict identity and of intersections between music, literature, theater, film and the visual arts. *A Dictionary of the Avant-gardes* Richard Kostelanetz, H. R. Brittain, 2001 Introduces the concept of avant-garde art to readers as it has been practiced over the last century. Covering figures and genres in all styles of art, this is an ideal introduction to often misunderstood art forms. **The Routledge Companion to Performance Practitioners** Franc Chamberlain, Bernadette Sweeney, 2020-08-16 The Routledge Companion to Performance Practitioners collects the outstanding biographical and production overviews of key theatre practitioners first featured in the popular Routledge Performance Practitioners series of guidebooks. Each of the chapters is written by an expert on a particular figure from Stanislavsky and Brecht to Laban and Decroux and places their work in its social and historical context. Summaries and analyses of their key productions indicate how each practitioner's theoretical approaches to performance and the performer were manifested in practice. All 22 practitioners from the original series are represented with this volume covering those born after 1915. This is the definitive first step for students, scholars and practitioners hoping to acquaint themselves with the leading names in performance or deepen their knowledge of these seminal figures. *The Routledge Companion to Studio Performance Practice* Franc Chamberlain, Bernadette Sweeney, 2021-11-29 The Routledge Companion to Studio Performance Practice is a unique indispensable guide to the training methods of the world's key theatre practitioners. Compiling the practical work outlined in the popular Routledge Performance Practitioners series of guidebooks, each set of exercises has been edited and contextualised by an expert in that particular approach. Each chapter provides a taster of one practitioner's work, answering the same key questions: How did this artist work? How can I begin to put my understanding of this to practical use? Newly written chapter introductions put the exercises in context, explaining how they fit into the wider methods and philosophy of the practitioner in question. All 21 volumes in the original series are represented.
