Preserving Family Recipes Valerie J. Frey, 2015-11-01 Heirloom dishes and family food traditions are rich sources of nostalgia and provide vivid ways to learn about our families past yet they can be problematic Many family recipes and food traditions are never documented in written or photographic form existing only as unwritten know how and lore that vanishes when a cook dies Even when recipes are written down they often fail to give the tricks and tips that would allow another cook to accurately replicate the dish Unfortunately recipes are also often damaged as we plunk Grandma's handwritten cards on the countertop next to a steaming pot or a spattering mixer shortening their lives This book is a guide for gathering adjusting supplementing and safely preserving family recipes and for interviewing relatives collecting oral histories and conducting kitchen visits to document family food traditions from the everyday to special occasions It blends commonsense tips with sound archival principles helping you achieve effective results while avoiding unnecessary pitfalls Chapters are also dedicated to unfamiliar regional or ethnic cooking challenges as well as to working with recipes that are orphans surrogates or terribly outdated Whether you simply want to save a few accurate recipes help yesterday's foodways evolve so they are relevant for today's table or create an extensive family cookbook this guidebook will help you to savor your memories

Reading the Man Elizabeth Brown Pryor, 2007-05-03 Pryor's biography helps part with a lot of stupid out there about Lee chiefly that he was somehow anti slavery Ta Nehisi Coates theatlantic com An unorthodox critical and engaging biography Boston Globe Winner of The Lincoln Prize Robert E Lee is remembered by history as a tragic figure stoic and brave but distant and enigmatic Using dozens of previously unpublished letters as departure points Pryor produces a stunning personal account of Lee's military ability shedding new light on every aspect of the complex and contradictory general's life story Explained for the first time in the context of the young United States's tumultuous societal developments Lee's actions reveal a man forced to play a leading role in the formation of the nation at the cost of his private happiness **The Larder** John T.

Edge, Elizabeth S. D. Engelhardt, Ted Ownby, 2013-10-15 The sixteen essays in *The Larder* argue that the study of food does not simply help us understand more about what we eat and the foodways we embrace. The methods and strategies herein help scholars use food and foodways as lenses to examine human experience. The resulting conversations provoke a deeper understanding of our overlapping historically situated and evolving cultures and societies. *The Larder* presents some of the most influential scholars in the discipline today from established authorities such as Psyche Williams Forson to emerging thinkers such as Rien T Fertel writing on subjects as varied as hunting farming and marketing as well as examining restaurants iconic dishes and cookbooks. Editors John T Edge Elizabeth Engelhardt and Ted Ownby bring together essays that demonstrate that food studies scholarship as practiced in the American South sets methodological standards for the discipline. The essayists ask questions about gender race and ethnicity as they explore issues of identity and authenticity. And they offer new ways to think about material culture technology and the business of food. *The Larder* is not driven by nostalgia. Reading such a collection of essays may not encourage food metaphors. It's not a feast not a gumbo certainly not a home cooked meal. Ted Ownby argues in his closing essay. Instead it's a healthy step in the right direction taken by the leading scholars in the field.

Confederate Exceptionalism Nicole Maurantonio, 2022-09-30 Along with Confederate flags the men and women who recently gathered before the Virginia Museum of Fine Arts carried signs proclaiming Heritage Not Hate. Theirs they said was an open and visible protest against those who attacked us: our flags our ancestors or our Heritage. How? Nicole Maurantonio wondered: did not hate square with a heritage grounded in slavery? How do so-called neo-Confederates distance themselves from the actions and beliefs of white supremacists while clinging to the very symbols and narratives that tether the Confederacy to the history of racism and oppression in America? The answer Maurantonio discovers is bound up in the myth of Confederate exceptionalism: a myth whose components proponents and meaning this timely and provocative book explores. The narrative of Confederate exceptionalism in this analysis updates two uniquely American mythologies: the Lost Cause and American exceptionalism, blending their elements with discourses of racial neoliberalism to create a seeming separation between the Confederacy and racist systems. Incorporating several methods and drawing from a range of sources including ethnographic observations interviews and archival documents, Maurantonio examines the various people objects and rituals that contribute to this cultural balancing act. Her investigation takes in official modes of remembering the Confederacy such as the monuments and building names that drive the discussion today, but it also pays attention to the more mundane and often subtle ways in which the Confederacy is recalled. Linking the different modes of commemoration, her work bridges the distance that believers in Confederate exceptionalism maintain while situated in history from the Civil War through the civil rights era. The book brings much needed clarity to the

constitution persistence and significance of this divisive myth in the context of our time **Dining with the Washingtons** Stephen Archie McLeod,2011 Combining vivid photography with engaging essays Dining with the Washingtons explores the menus diet and styles of entertaining that characterized the beloved home of the nation s principal founding father Compelling accounts historic artwork and images of gardens table settings prepared food and objects from the Mount Vernon collection blend to shed fresh light on the daily lives of George and Martha Washington on their ceaseless stream of household guests and those who served them and on the ways food and drink reflected the culture of eighteenth century America Featuring a foreword by former White House executive chef Walter Scheib and more than 90 historic recipes adapted for today s kitchens by renowned culinary historian Nancy Carter Crump this book is ideal for veteran and novice cooks alike as well as for those wishing to learn about both formal and everyday dining at Mount Vernon Drawing from a wide range of sources including memoirs diaries plantation documents archaeological research and the personal correspondence of the Washington family and their visitors this charming volume brings the household of America s first president and his wife vividly to life for modern day readers The contributors are Steven T Bashore Manager of Historic Trades Mount Vernon Carol Borchert Cadou Robert H Smith Senior Curator and Vice President for Collections Mount Vernon Nancy Carter Crump author and founder Culinary Historians of Virginia J Dean Norton Director of Horticulture Mount Vernon Dennis J Pogue Vice President of Preservation Mount Vernon Walter Scheib former executive chef The White House Mary V Thompson Research Historian Mount Vernon Esther White Director of Archaeology Mount Vernon The Perfect Gentleman Bernice-Marie Yates,2003 **The Perfect Gentleman Vol.2** Bernice-Marie Yates,2003-05 *An Exaltation of Soups* Patricia Solley,2010-08-11 Throughout history and around the world soup has been used to bring comfort warmth and good health A bowl of soup can symbolize so much celebrations major life passages and the everyday Inspired by Patricia Solley s website SoupSong.com and organized according to function soups to heal the sick recover from childbirth soothe a hangover entice the object of your affection and mark special occasions and holidays An Exaltation of Soups showcases more than a hundred of the best soup recipes of all time including Festive Wedding Soup with Meatballs from Italy Egyptian Fava Bean Soup made to give strength to convalescents Creamy Fennel Soup with Shallots and Orange Spice from Catalonia perfect for wooing a lover Hungarian Night Owl Soup designed to chase a hangover Spicy Pumpkin and Split Pea Soup from Morocco served to celebrate Rosh Hashanah Tanzanian Creamy Coconut Banana Soup for Kwanzaa Spiced with soup riddles soup proverbs soup poetry and informative sidebars about the lore and legends of soup through the ages An Exaltation of Soups is a steaming bowl of goodness that is sure to satisfy From the Trade Paperback edition **Great Military Leaders** William T. South cities and civil rights era lunch counters chronic hunger and agricultural reform counterculture communes and iconic restaurants as Ferris reveals how food as cuisine and as commodity has expressed and shaped southern identity to the present day The region in which European settlers were greeted with unimaginable natural abundance was simultaneously the place where enslaved Africans vigilantly preserved cultural memory in cuisine and Native Americans held tight to kinship and food traditions despite mass expulsions Southern food Ferris argues is intimately connected to the politics of power The contradiction between the realities of fulsomeness and deprivation privilege and poverty in southern history resonates in the region s food traditions both beloved and maligned
