Robert Louis Stevenson France:

Robert Louis Stevenson and France Charles Sarolea,1924 *In the Track of Robert Louis Stevenson and Elsewhere in Old France* John Alexander Hammerton,2020-09-28 The mountainous district of France to which somewhat loosely Stevenson applies the name Cevennes lies along the western confines of Provence and overlaps on several departments chief of which are Ard che Loz re Gard and Herault In many parts the villages and the people have far less in common with France and the French than Normandy and the Normans have with provincial England Here in these mountain fastnesses and sheltered valleys the course of life has flowed along almost changeless for centuries and here too we shall find much that is best in the romantic history and natural grandeur of France Remote from Paris and happily without the area of the cheap trip organisers it is likely to remain for ever off the beaten track In order to visit the Cevennes proper the beautiful town of Mende would be the best starting place But since my purpose was to strike the trail of R L S after some wanderings awheel northward of Clermont Ferrand I approached the district from Le Puy a town which so excellent a judge as Mr Joseph Pennell has voted the most picturesque in Europe Besides Stevenson himself had often wandered through its quaint unusual streets while preparing for his memorable journey with immortal Modestine I decided on a sleeping sack he says and after repeated visits to Le Puy and a deal of high living for myself and my advisers a sleeping sack was designed constructed and triumphantly brought home At that time the wanderer s home was in the mountain town of Le Monastier some fifteen miles south east of Le Puy and there in the autumn of 1877 he spent about a month of fine days variously occupied in completing his New Arabian Nights and Picturesque Notes on Edinburgh and conducting with no little personal and general entertainment the preliminaries of his projected journey through the Cevennes [A Mountain Town in France](#) Robert Louis Stevenson,1897 **Robert Louis Stevenson & France** Louis Stott,1994-01-01 **Travels with a Donkey in the Cévennes** Robert Louis Stevenson,2019-02-13 Includes An Inland Voyage chronicling a canoe journey from Belgium to France the title piece a humorous account of a mountain trek and Forest Notes a meditation on the French countryside

Robert Louis Stevenson - *Travels with a Donkey in the Cevennes* Robert Louis Stevenson, 2020-10-09 *Travels with a Donkey in the Cevennes* 1879 is one of Robert Louis Stevenson's earliest published works and is considered a pioneering classic of outdoor literature Stevenson was in his late 20s and still dependent on his parents for support *Travels* was both meant to raise money he needed to be with the woman he loved and provide the adventure he craved having been sickly much of his life *Travels* recounts Stevenson's 12 day 120 mile solo hiking journey through the sparsely populated and impoverished areas of the Cevennes mountains in south central France in 1878 The character of Modestine a stubborn manipulative donkey he could never quite get the better of is memorable It is one of the earliest accounts which presented hiking and camping outdoors as a recreational activity It also tells of commissioning one of the first sleeping bags large and heavy enough to require a donkey to carry Includes a biography of the author

account of his journey through the rugged landscape of the Cevennes region in France accompanied by a donkey named Modestine The narrative is rich with vivid descriptions and a keen sense of observation blending elements of travel writing and personal reflection Written in 1879 the book captures the essence of 19th century exploration mirroring the Romantic emphasis on nature and individual experience while simultaneously critiquing the burgeoning industrialization of the time Stevenson s prose is laced with a lyrical quality as he thoughtfully reflects on the solitude and contemplative nature of his journey amidst the wild and untamed terrain Robert Louis Stevenson a celebrated novelist and essayist drew upon his own spirit of adventure and thirst for exploration to craft this travelogue His foray into the Cevennes came at a time when he sought both physical and emotional refuge following his struggles with health and societal expectations The experience illuminated his belief in the transformative power of travel a theme that resonates throughout his literary oeuvre *Travels with a Donkey in the Cevennes* offers readers not only a captivating tale of adventure but also a profound meditation on the relationship between man and nature It is an essential read for those who appreciate travel literature or the exploration of the human spirit inviting contemplation and admiration for the beauty of both the journey and the landscapes encountered

world it arose a good deal from my projected excursion southward through the Cevennes A traveller of my sort was a thing hitherto unheard of in that district I was looked upon with contempt like a man who should project a journey to the moon but yet with a respectful interest like one setting forth for the inclement Pole All were ready to help in my preparations a crowd of sympathisers supported me at the critical moment of a bargain not a step was taken but was heralded by glasses round and celebrated by a dinner or a breakfast
