Innovators David W. Galenson, 2025-01-21 Some innovators are luminous shooting stars think Pablo Picasso Albert Einstein Sylvia Plath Bob Dylan Steve Jobs who make bold leaps early and suddenly then lose their creativity Others are late bloomers Paul Cezanne Charles Darwin Virginia Woolf Alfred Hitchcock Warren Buffett who show little early promise but spend long periods doggedly pursuing distant goals and attain greatness in old age By analyzing the careers of scores of great innovators this book reveals systematic differences in the motivations and methods of these two types and their very different patterns of creativity over the life cycle The result is a new and deeper unified understanding of the sources of human creativity

Through Other Continents Wai Chee Dimock, 2008-10-20 What we call American literature is quite often a shorthand a simplified name for an extended tangle of relations This is the argument of *Through Other Continents* Wai Chee Dimock's sustained effort to read American literature as a subset of world literature Inspired by an unorthodox archive ranging from epic traditions in Akkadian and Sanskrit to folk art paintings by Veronese and Tiepolo and the music of the Grateful Dead Dimock constructs a long history of the world a history she calls deep time The civilizations of Mesopotamia India Egypt China and West Africa as well as Europe leave their mark on American literature which looks dramatically different when it is removed from a strictly national or English language context Key authors such as Thoreau Margaret Fuller Ezra Pound Robert Lowell Gary Snyder Leslie Silko Gloria Naylor and Gerald Vizenor are transformed in this light Emerson emerges as a translator of Islamic culture Henry James's novels become long distance kin to Gilgamesh and Black English loses its ungrammaticalness when reclassified as a creole tongue meshing the input from Africa Europe and the Americas Throughout Dimock contends that American literature is answerable not to the nation state but to the human species as a whole and that it looks dramatically different when removed from a strictly national or English language context

Register of Commissioned and Warrant Officers of the United States Naval Reserve , *The Interior Castle* Ann Hulbert, 2013-10-09 An important moment in American literary history takes life in this stunning biography of Jean Stafford one of the most successful admired and troubled of the brilliant and influential midcentury circle of writers and critics that included Allen Tate Caroline Gordon Peter Taylor Delmore Schwartz Randall Jarrell and Robert Lowell Stafford's first husband Ann Hulbert shows us how Stafford raised in Colorado the daughter of a failed writer of Westerns came of literary age in the East yet fiercely maintained her connection with her provincial background forging the unique style that marked her highly acclaimed first novel *Boston Adventure* her Masterpiece *The Mountain Lion* her third novel *The Catherine Wheel* and the stories she published in *The New Yorker* and elsewhere which were honored in 1970 with a Pulitzer Prize We follow

Stafford through the early experiences to which she returned again and again in her fiction and which helped shape her disenchanted vision her father's sudden loss of his fortune her shame as an adolescent living in a boardinghouse in Boulder run by her mother her aesthetic experimentation as a member of the intellectually maverick Barbarians at the University of Colorado her exciting but troubling Wanderjahr in Nazi Germany where she watched civilization crumbling We see her take her place as a forceful attractive witty yet also insecure woman among a group of spirited young writers who were learning from and challenging their older mentors the increasingly powerful Southern critics and the Partisan Review circle in New York With her marriage to Lowell at twenty four she embarked on a feverishly creative but ill fated course that held auguries of his and his fellow poets tragic paths she struggled with Catholicism confronted domestic violence battled with alcoholism and mental instability and throughout it all wrote formally impeccable fiction And we see her as she finds some happiness with her third husband the writer A J Liebling part of the New Yorker world that had become her home in the late 1940s Throughout we are made aware of Stafford's constant search for a bastion of order a safe place an escape from the unsettling sense of vulnerability that engulfed her an interior castle from which to approach her life and her art *The Last Ocean* Nicci Gerrard, 2019-08-13 From the award winning journalist and author a lyrical raw and humane investigation of dementia that explores both the journeys of the people who live with the condition and those of their loved ones After a diagnosis of dementia Nicci Gerrard's father John continued to live life on his own terms alongside the disease But when an isolating hospital stay precipitated a dramatic turn for the worse Gerrard an award winning journalist and author recognized that it was not just the disease but misguided protocol and harmful practices that cause such pain at the end of life Gerrard was inspired to seek a better course for all who suffer because of the disease *The Last Ocean* is Gerrard's investigation into what dementia does to both the person who lives with the condition and to their caregivers Dementia is now one of the leading causes of death in the West and this necessary book will offer both comfort and a map to those walking through it While she begins with her father's long slip into forgetting Gerrard expands to examine dementia writ large Gerrard gives raw but literary shape both to the unimaginable loss of one's own faculties as well as to the pain of their loved ones Her lens is unflinching but Gerrard honors her subjects and finds the beauty and the humanity in their seemingly diminished states In so doing she examines the philosophy of what it means to have a self as well as how we can offer dignity and peace to those who suffer with this terrible disease Not only will it aid those walking with dementia patients *The Last Ocean* will prompt all of us to think on the nature of a life well lived *A Critical Introduction to Twentieth-Century American Drama: Volume 3, Beyond Broadway* C. Bureau of Naval Personnel,1968 **American Poetry after Modernism** Albert Gelpi,2015-03-09 Albert Gelpi s American Poetry after Modernism is a study of sixteen major American poets of the postwar period from Robert Lowell to Adrienne Rich Gelpi argues that a distinctly American poetic tradition was solidified in the later half of the twentieth century thus severing it from British conventions In Gelpi s view what distinguishes the American poetic tradition from the British is that at the heart of the American endeavor is a primary questioning of function and medium The chief paradox in American poetry is the lack of a tradition that requires answering and redefining redefining what it means to be a poet and likewise how the words of a poem create meaning offer insight into reality and answer the ultimate questions of living Through chapters devoted to specific poets Gelpi explores this paradox by providing an original and insightful reading of late twentieth century American poetry *Register of the Commissioned and Warrant Officers of the United States Navy and Marine Corps* United States.
