## **Robert Minhinnick Selected Poems:**

Selected Poems Robert Minhinnick, 1999 This text draws on six previous collections published between 1978 and 1994 The earlier poems are diverse ranging from descriptions of work in heavy industry to observations of wildlife around the writer's childhood home in Wales Later poems deal with travel in Brazil and the United States and also deal with schizophrenia The book celebrates the life and characters of a close knit community It then breaks away from the peopled landscape to consider history and culture from wider perspectives *New Selected Poems* Robert Minhinnick, 2012 New Selected Poems contains Les Murray's gathering from the full range of his poetry from poems of the 1960s to work from Taller When Prone and new poems yet to appear in a collection **Diary of the Last Man** Robert Minhinnick, 2017-04-15 Wales Book of the Year 2018 Winner of the 2018 Roland Mathias Poetry Award Shortlisted for the 2017 T S Eliot Prize The opening poem sequence Diary of the Last Man sets the tone for Robert Minhinnick's book a celebration of the dwindling Earth an elegy a caution His Wales is a touchstone other landscapes and cityscapes are tried against it with its erratic weather its sudden changes of mood a black tonic The sequence remembers all the geographies of his earlier work old and new world but now unpeopled and the lonely spirit free to go anywhere do anything but meaning with mankind has drained away Yet still alive and still with language registering The rest of the book is filled with voices of children of rivers terrorists magicians and voices translated from the Welsh and from Turkish and Arabic shared enriching with their difference their other worlds History washes over and washes up on the strand of this Welsh book It is seen and recognised it begins to be transformed In the long concluding poem The Sand Orchestra the poet returns to his own voice and to the voice of a Bechstein piano abandoned in the open air played now by nature its winds and sand The last man who has been looking for Ulysses is the very man he has been looking for **A Poet's Guide to Britain** Owen Sheers, 2009-10-29 Introduced and selected by the poet presenter Owen Sheers A Poet's Guide to Britain is a major poetry anthology that ties in with the BBC series of the same name Owen Sheers passionately believes that poems and particularly poems of place not only affect us as individuals but can have the power to mark and define a collective experience our identities our country our land He has chosen six powerful poems all personal favourites and all poems that have become part of the way we see our landscape The anthology follows a similar format to the BBC series itself while also offering paper chains of poems about the landscape and nature of Britain transcripts of contemporary poet interviews and a short introduction to each lead poem **The Beach in Anglophone Literatures and Cultures** Ursula Kluwick, Virginia Richter, 2016-03-09 From early colonial encounters to the ecological disasters of the twenty first century the performativity of contact has been a crucial element in the political significance of the beach Conceptualising the beach as a creative trope and as a socio cultural site as well as an aesthetically productive topography this collection examines its multiplicity of meanings and functions as a natural environment engendering both desire and fear in the human imagination from the Victorian period to the present The contributors

examine literature film and art in addition to moments of encounter and environmental crisis to highlight the beach as a social space inspiring particular codes of behaviour and specific discourses as a geographical frontier between land and water as an historical site of contact and conflict and as a vacationscape promising regeneration and withdrawal from everyday life The diversity of the beach is reflected in the geographical range with essays on locales and texts from Britain Ireland the Caribbean South Africa the United States Polynesia and New Zealand Focusing on the changed function of the beach as a result of processes of industrialisation and the rise of a modern leisure and health culture this interdisciplinary volume theorises the beach as a demarcater of the precarious boundary between land and the sea as well as between nature and culture

**Hollow Palaces** Kevin Gardner,John Greening,2021-09-01 The country house poem was born in the seventeenth century as a fruitful way of flattering potential patrons But the genre s popularity faded ironically just as country house society was emerging It was only when the power and influence of the landed classes had all but ebbed away that poets returned to the theme attracted perhaps by the buildings irresistible dereliction but equally by their often very personal histories This is the first complete anthology of modern country house poems and it shows just how far as Simon Jenkins points out in his Foreword poems can penetrate the souls of buildings Over 160 distinguished poets representing a diversity of class race gender and generation offer fascinating perspectives on stately exteriors and interiors gardens both wild and cultivated crumbling ruins and the extraordinary secrets they hide There are voices of all kinds whether it s Edith Sitwell recreating her childhood W B Yeats and Wendy Cope pondering Lissadell or Simon Armitage s labourer confronting the Lady who s got the lot We hear from noble landowners and loyal or rebellious servants and from many an inquisitive day tripper The book s dominant note is elegiac yet comedy satire even strains of Gothic can be heard among these potent reflections Hollow Palaces reminds us how poets can often be the most perceptive of guides to radical changes in society The book is illustrated by Rosie Greening
