Amendment barred government from banning any film as sacrilegious Using legal briefs affidavits and other court records as well as letters memoranda and other archival materials to elucidate what was at issue in the case William Bruce Johnson also analyzes the social cultural and religious elements that form the background of this complex and hard fought controversy focusing particularly on the fundamental role played by the Catholic Church in the history of film censorship Tracing the development of the Church in the United States Johnson discusses the reasons it found *The Miracle* sacrilegious and how it attained the power to persuade civil authorities to ban it The Court's decision was not only a milestone in the law of church state relations but it paved the way for a succession of later decisions which gradually established a firm legal basis for freedom of expression in the arts

Hommage à Roberto Rossellini Roberto Rossellini, 1987 *Roberto Rossellini* David Forgacs, Sarah Lutton, Geoffrey Nowell-Smith, 2000 Published to coincide with a Rossellini season at the National Film Theatre in London this book provides an overview of Rossellini's work and examines key issues and themes covering all phases of his career

Stardom and the Aesthetics of Neorealism Ora Gelley, 2012-08-21 In this exciting new book Gelley considers the collaboration between Rossellini and Ingrid Bergman in light of the neorealist aesthetic This study re examines the director's postwar works in relation to the contemporary discussion on Italian national identity rather than marking a radical break with the director's early neorealist successes Rossellini's films with Bergman in fact extend the boundaries of neorealism and challenge the standard reading of its basic tenets especially the relationship between character and setting Gelley reassesses the relationship between European postwar and American cinema looking at how the image of the Hollywood star was translated and transformed when it was imported into Rossellini's Italy Rossellini's insertion of the Hollywood star into the native landscape had a significant influence on the director's approach to the neorealist aesthetic His filming of the encounter between Bergman and the Italian landscape involves not only a re interpretation and transformation of the Hollywood star persona but also a challenge to the idealized notion of an authentic Italian national collective free of foreign influence The disruption of Bergman's character into the Italian landscape became one means whereby the director was able to explore the ambivalence inherent in any attempt to construct a national identity
