The Sayings of Confucius Confucius, 1910 **The Sayings of Confucius (Classic Reprint)** Confucius Confucius, 2017-09-16 Excerpt from *The Sayings of Confucius*. The indefatigable labours of Chinese commentators have alone rendered the present translation of the *Sayings of Confucius* a possibility. Next to them, I am most indebted to Legge's *Confucian Analects*, a book that is invaluable to the student, although defective as a translation. For much of the information in my notes and for most of the facts given in the Introduction, I have to thank Legge. Dates I have taken from Professor Giles. (CliffNotes-like Summary) Abdul Montaqim,2012-02-24 ABOUT THE BOOK Like many people out there I sometimes visit quotations websites just to read a few wise words have my spirits lifted and maybe get some ideas And quotations by Confucius are always worth reading for their emphasis on human values and strengths Confucius was fundamentally a humanist believing that we each shape our own destiny His words of wisdom rarely if ever suggested that we give up control of our lives to any higher beings or unseen powers He always insisted that we can achieve our goals through being humble hard working and wise One thing however that I think has stopped me from being overly enthusiastic about Confucius is that he does seem to dwell a lot on discipline and correct ways of behaviour on ritual And he seems to think a lot about working as part of a team in a collective or something But given that he lived at the time of Imperial China that s understandable

EXCERPT FROM THE BOOK Confucius was a teacher politician thinker and philosopher who lived during the days of what s called Early Imperial China It s believed that he was born in the year 551 BC that s more than 2 500 years ago His father was said to be a warrior who had had a number of successes in various battles and owned a fiefdom although some sources say that he was actually a poor military officer and Confucius himself was brought up in poverty Nonetheless Confucius belonged to a social class that was positioned somewhere between common people and the old nobility of Early Imperial China This particular group of people seemed to have been like the modern middle classes in the West and made progress in life by acquiring knowledge and skills And although he had been a teacher and a student for a lot of his life Confucius himself had apparently chosen a life in politics and by the age of 53 he had worked his way up to the position of Justice Minister in Lu one of the western provinces in ancient China Buy a copy to keep reading
