Sayings Of The Buddha:

The Dhammapada Buddha, 2011-12-20 Trembling and quivering is the mind Difficult to guard and hard to restrain The person of wisdom sets it straight As a fletcher does an arrow The Dhammapada introduced the actual utterances of the Buddha nearly twenty five hundred years ago when the master teacher emerged from his long silence to illuminate for his followers the substance of humankind s deepest and most abiding concerns The nature of the self the value of relationships the importance of moment to moment awareness the destructiveness of anger the suffering that attends attachment the ambiguity of the earth s beauty the inevitability of aging the certainty of death these dilemmas preoccupy us today as they did centuries ago No other spiritual texts speak about them more clearly and profoundly than does the Dhammapada In this elegant new translation Sanskrit scholar Glenn Wallis has exclusively referred to and quoted from the canonical suttas the presumed earliest discourses of the Buddha to bring us the heartwood of Buddhism words as compelling today as when the Buddha first spoke them On violence All tremble before violence All fear death Having done the same yourself you should neither harm nor kill On ignorance An uninstructed person ages like an ox his bulk increases his insight does not On skillfulness A person is not skilled just because he talks a lot Peaceful friendly secure that one is called skilled In 423 verses gathered by subject into chapters the editor offers us a distillation of core Buddhist teachings that constitutes a prescription for enlightened living even in the twenty first century He also includes a brilliantly informative guide to the verses a chapter by chapter explication that greatly enhances our understanding of them The text at every turn points to practical applications that lead to freedom from fear and suffering toward the human state of spiritual virtuosity known as awakening Glenn Wallis s translation is an inspired successor to earlier versions of the suttas Even those readers who are well acquainted with the Dhammapada will be enriched by this fresh encounter with a classic text *Sayings of the Buddha*, 2008-10-09 As if someone were to hold up a lamp in the dark so that those with eyes could see in exactly the same way Gotama has made the truth clear in various ways Gotama the Buddha who lived the life of a wandering ascetic in northern India during the fifth century BCE is looked to as the founder of one of the world s major religions One of the main sources for knowledge of his teachings is the four Pali Nikayas or collections of his sayings Written in Pali an ancient Indian language closely related to Sanskrit the Nikayas are among the oldest Buddhist texts and consist of more than one and a half million words This new translation offers a selection of the Buddha s most important sayings reflecting the full variety of material contained in the Nikayas the central themes of the Buddha s teaching his biography philosophical discourse instruction on morality meditation and the spiritual life and the range of literary style myth dialogue narrative short sayings verse ABOUT THE SERIES For over 100 years Oxford World s Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford s commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further
