

# SB4 Reading Notes

## MODULE 10

### Vocabulary

**Sensation:** the activation of the sense organs by a source of physical energy

**Perception:** the sorting out, interpretation, analysis, and integration of stimuli carried out by the sense organs and brain

**Stimulus:** any passing source of physical energy that produces a response in a sense organ

**Psychophysics:** the study of the relationship between the physical aspects of stimuli and our psychological experience of them

**Absolute Threshold:** the smallest intensity of stimulus that must be present for it to be detected

**Noise:** background stimulation or unwanted stimuli that interferes with the perception of other stimuli

**Difference Threshold:** the smallest level of added or reduced stimulation required to sense that a change in stimulation has occurred (aka just noticeable difference)

**Weber's Law:** a just noticeable difference is a constant proportion of the intensity of an initial stimulus

**Adaptation:** an adjustment in sensory capacity after prolonged exposure to unchanging stimuli

### Important Facts

- Human sensory capabilities go well beyond the five basic senses
- Vision has two subsystems relating to day and night vision
- The ear is responsive to information that allows us to not only hear but also to keep our balance
- An absolute threshold is the stimulus intensity that is detected 50% of the time
- The decline in sensitivity to sensory stimuli is due to the inability of the sensory nerve receptors to fire off messages to the brain indefinitely

*Handbook of Latinos and Education* Juan Sánchez Muñoz, Enrique G. Murillo Jr., Margarita Machado-Casas, 2009-12-16 Providing a comprehensive review of rigorous innovative and critical scholarship relevant to educational issues which impact Latinos this Handbook captures the field at this point in time Its unique purpose and function is to profile the scope and terrain of academic inquiry on Latinos and education Presenting the most significant and potentially influential work in the field in terms of its contributions to research to professional practice and to the emergence of related interdisciplinary studies and theory the volume is organized around five themes history theory and methodology policies and politics language and culture teaching and learning resources and information The Handbook of Latinos and Education is a must have resource for educational researchers graduate students teacher educators and the broad spectrum of individuals groups agencies organizations and institutions sharing a common interest in and commitment to the educational issues that impact Latinos

**Achieving Equity for Latino Students** Frances E. Contreras, 2015-04-24 Despite their numbers Latinos continue to lack full and equal participation in all facets of American life including education This book provides a critical discussion of the role that select K 12 educational policies have and continue to play in failing Latino students The author draws upon institutional national and statewide data sets as well as interviews among students teachers and college administrators to explore the role that public policies play in educating Latino students The book concludes with specific recommendations that aim to raise achievement college transition rates and success among Latino students across the preschool through college continuum Frances Contreras is an Associate Professor of Higher Education in the area of Leadership and Policy Studies in the College of Education University of Washington in Seattle Prof Frances Contreras is one of the nation's leading authorities on Latino educational problems and on policies that will effectively address these This book presents a unique and incisive analysis of the Latino educational achievement gap and its connections to concomitant gap in educational opportunities for Latinos This very readable book combines rigorous scholarship with clearly stated policy recommendations It should be read by all who are interested in

understanding and addressing one of the most serious problems of our times Jorge Chapa University of Illinois at Urbana Champaign Rich in data and social context Contreras presents a compelling and comprehensive picture for the collective need to invest fully in the education of our Latino youth As important she delineates a bold public policy pathway for Latino student success that encompasses K 12 and higher education James M Montoya Vice President Higher Education The College Board This book offers valuable insights and productive recommendations for addressing a critically important topic how to improve educational equity for Latinos one of our nation s fastest growing but most underserved populations Laura Perna Professor Graduate School of Education University of Pennsylvania
