**Steel Trails** Martin D. Stevers, 1933      **Ticket Scalping** Kerry Segrave, 2006-11-15 Ticket scalping is as much an American staple as apple pie Beginning as early as the mid 1800s scalpers known as sidewalk men were charging all the traffic would bear for event tickets Although these speculators were generally viewed as pariahs and public opinion was against the practice legal attempts to limit their activities were far from successful Boston enacted laws as early as 1873 while Pennsylvania followed suit in 1884 Still such measures did little good since some laws were declared unconstitutional and for the ones that were upheld the fines were negligible with jail time rarely served Over the years as moral objections to scalping dimmed the public became more tolerant as the practice became increasingly prevalent By the 1990s the capitalist mantras of free market and economic principles of supply and demand were even being used to justify the practice This volume details the ways in which scalping has changed over the years from a one man business to an agency controlled enterprise from performances by Jenny Lind to Billy Joel The book examines the general situation public opinion and legal perception of scalping for four distinct periods 1850 1899 1900 1917 1918 1949 and 1950 2005 Emphasis is placed on the ways in which public and legal perception of the practice has evolved over this period Scalping slowly gaining a more positive status has become more accepted as part of the economic practice of free markets      **The 1919 World Series** William A. Cook, 2001-06-15 One of baseball's infamous events is the 1919 World Series between the Chicago White Sox and the Cincinnati Reds Overshadowed by the suspicion cast upon and the subsequent indictment of eight White Sox players for throwing the games the 1919 World Series has often been simplistically and inaccurately portrayed by the popular media in the decades since This book takes an objective look at the series players managers owners and on field events to separate fact from fiction in regard to the outcome The Reds would probably have emerged victorious no matter how the game was

played because they were in fact an excellent team capable of beating the seemingly superhuman White Sox Included are various statistical references that include line and box scores as well as comparative statistical charts of batting averages pitching and team records and other relevant information     Anti-scalping 1898 ,1895     *The Judging Eye* R.
