Historical Dictionary of Medieval Christian Nubia Richard A. Lobban Jr., 2020-10-20 Medieval Christian Nubia is often a neglected period of medieval African history Because meaning is determined largely by context this work traces the Greco Roman Meroitic and Jewish precursors The regional historical and theological schisms within Christianity are also a highlight The dynamics of the three Nubian kingdoms of Nobatia Mukurra and Alwa are the centerpiece of this book that covers mural arts architecture and the names of the leading kings and bishops Another strength of the book is the analysis of the 700 year baqt peace treaty between Christian Nubia and Islamic Egypt this is considered to be the longest lasting treaty in diplomatic history The complex transition from Christianity to Islam in the 14th century is analyzed in great personal political and military detail Historical Dictionary of Medieval Christian Nubia contains a chronology an introduction and an extensive bibliography The dictionary section has over 200 cross referenced entries on politics economy foreign relations religion and culture of the medieval Nubians This book is an excellent resource for students researchers and anyone wanting to know more about Medieval Christian Nubia

Geoffrey H. Hartman,2002 A powerful meditation on authenticity and contemporary life by one of our most renowned literary critics **Deleuzian Fabulation and the Scars of History** Ronald Bogue,2010-07-05 The concept of fabulation makes a late appearance in Deleuze s career and in only limited detail but by tracing its connections to other concepts and situating them within Deleuze s general aesthetics Ronald Bogue develops a theory of fabulation which he proposes as the guiding principle of a Deleuzian approach to literary narrative Fabulation he argues entails becoming other experimenting on the real legending and inventing a people to come as well as an understanding of time informed by Deleuze s Chronos Aion distinction and his theory of the three passive syntheses of time In close readings of contemporary novels by Zakes Mda Arundhati Roy Roberto Bolano Assia Djebar and Richard Flanagan he demonstrates the usefulness of fabulation as a critical tool while exploring the problematic relationship between history and story telling which all five novelists adopt as a central thematic concern This is an original and exciting project by a highly respected specialist in the field *Slavery and Dependence in Ancient Egypt* Jane L.
