first single sounds suspiciously like the song Perfect Storm's guitarist wrote for Mac As the two bands set out on a joint
summer tour more and more of Perfect Storm's secrets are leaked to the public Where's the one place all these lyrics and
secrets are supposedly being kept safe In Mac's journal of course Can Mac and her comic book alter ego Mac Attack stop the

This enormous undertaking which according to one of the prefaces professes to be a complete list of every bird known at the
time of publication kept growing even as it was being written The Museum added eagerly to their already vast collections
during the decades of publication acquiring by gift the great collections of A O Hume on Asian birds and those of Sclater and
Salvin and Godwin on Neotropical birds so that the size of the collection nearly tripled between 1874 and 1888 Sharpe
originally intended to do all the work himself but others were called in when this became clearly impossible The plates are all

of birds not previously illustrated In the decades following its publication this catalogue was universally acclaimed as the most important work on systematic ornithology that has ever been published Zimmer p 96 And even after one hundred years it remains an essential reference for the serious ornithologist as it underpins a great deal of modern bird classification With 387 plates most hand coloured lithographs some chromolithographs by William Hart J G Keulemans Joseph and Peter Smit
