**American Fiction, American Myth** Philip Young, David Morrell, Sandra Spanier, 2010-11 Few experts in American literature have written as insightfully and brilliantly as did Philip Young renowned Hemingway critic and scholar at large His unique work bursts with a joy in the humanities with a sensibility a humor and a style that communicate to academics and general readers alike Although Young died in 1991 he survives in his remarkable prose American Fiction American Myth features nineteen groundbreaking essays in which Young masterfully reveals the so what that he insisted all literary studies ought to have In the first section he demonstrates his fascination with such American myths as Pocahontas and Rip Van Winkle reaching powerful conclusions about America and its people In the second section he becomes Our Hemingway Man explaining his germinal and still provocative theory that Hemingway's severe wounding in World War I so traumatized the novelist that his fiction was to a great degree unwitting self psychoanalysis Young's book on Hemingway was the first of its kind but Young was more than a one author critic as his essays demonstrate in the third section exploring such diverse topics as Hawthorne's secret love the Lost Generation that was never lost F Scott Fitzgerald's debt to T S Eliot and the relationship between American fiction and American life What Hemingway once said about himself can be equally applied to Young I am a very serious but not a solemn writer The reader comes away from these essays dazzled by the power of Young's observations and the grace with which he expresses them *Comprehensive Guide to American Literature* Pasquale De

child and wearing a scarlet A for Adulteress he disguises himself as a doctor and begins a cruel and destructive search for the father of the child Set in mid seventeenth century Boston this powerful tale of passion puritanism and revenge is one of the foremost classics of American literature Covering the most recent developments in Hawthorne scholarship this up to date edition contains full and detailed notes *Fictions of Female Adultery 1684-1890* B. Overton, 2002-09-06 Women's adultery provides many of the plots that run through nineteenth century European fiction This book discusses how novels of adultery have been theorized argues its own theoretical perspective and analyzes two circumtexts of the fiction of female adultery its pre history in eighteenth century Britain and its decline during the Naturalist period in France It is the first dedicated study of the theory of the novel of adultery and of the representation of adultery in earlier British and later nineteenth century French fiction Transgression and Redemption in American Fiction Thomas J. Ferraro, 2020-12-03 Transgression and Redemption in American Fiction is a critical study of classic American novels Ferraro returns to Hawthorne's closet of secreted sin to reveal *The Scarlet Letter* as a deviously psychological turn on the ancient Mediterranean Catholic folk tales of female wanderlust cuckolding priests and demonic revenge This lights the way to explore what Ferraro calls the Protestant temptation to Marian Catholicism in seven modern American masterworks including Chopin's *The Awakening* Fitzgerald's *The Great Gatsby* Cather's *The Professor's House* and Hemingway's *The Sun Also Rises* Transgression and Redemption in American Fiction explores stories of forbidden passion and sacrificial violence with ultra radiant women and sometimes men at their focus It examines how these novels speak to readers across religious and social spectrums generating an inclusive mode of address and near universal relevance Ferraro breaks the codes of contemporary criticism in his thematic focus and critical style going beyond Protestantism and even Judeo Christian Orthodoxy itself Transgression and Redemption in American Fiction encourages the attentive reader to think about the American imagination the myriad arts of writing about the passion plays of love and even our canonical structures for reading and thinking about literature in new ways Northrop Frye and American Fiction Claude Le Fustec, 2015-01-01 Northrop Frye and American Fiction challenges recent interpretations of American fiction as a secular pursuit that long ago abandoned religious faith and the idea of transcendent experiences Inspired by recent philosophical thinking on post secularism and by Northrop Frye's theorizing on the connections between the Bible and the development of Western literature Claude Le Fustec presents insightful readings of the presence of transcendence and biblical imagination in canonical novels by American writers ranging from Nathaniel Hawthorne to Toni Morrison Examining these novels through the lens of Frye's ambitious account of literature's transcendent or kerygmatic power Le Fustec argues that American fiction has always contained the seeds of a rejection of radical skepticism and a return to spiritual experience Beyond an insightful analysis of Frye's ideas Northrop Frye and American Fiction is powerful testimony of their continued interpretive potential Faith and Fiction Anita Gandolfo, 2007-08-30 In recent years there has been an explosion in the market for fiction on religious topics and themes

most notably Dan Brown's *The Da Vinci Code*. The variety of contemporary religious fiction and the publishing phenomenon surrounding it indicate that this literature transcends any overt religious meaning and is significant in its political and social implications. It is emblematic of the contemporary American Zeitgeist. Traditionally, literature is both mirror and lamp, reflecting the society that produces it and illuminating the values and interests of that society. Recognizing both of those perspectives, Gandolfo examines Christian literature's place in American culture today and explores the cultural meaning and significance of the wildly popular Christian fiction now available. The phenomenon surrounding Dan Brown's *The Da Vinci Code* has led to a cottage industry of interpretations, attacks, and commentaries, but one thing is certain: the book has had an enormous impact on American society, culture, and religious understanding, not to mention the publishing industry, which scrambles to find similar religious books to feed to an eager public. But *The Da Vinci Code* is not the only book of its type on the market today. In recent years, there has been an explosion in the market for fiction on religious topics and themes, with an entire series devoted to the impending Rapture as described in the *Left Behind* series. Some fiction does not take an explicitly religious theme as these books do. Instead, writers like Andre Dubus and Ron Hansen imbue their creative work with spiritual and religious themes embedded in the everyday lives and concerns of their characters. Regardless of the specific approach, what is not in doubt is that American readers have made the authors of these works wealthy, as bookstores cannot stock their shelves with enough copies. Why the recent surge of interest in Christian fiction? How does it reflect trends in our culture and our lives? How has it changed our society and our understanding of spirituality and religion? How accurate are these books in terms of the theology they espouse? The variety of contemporary religious fiction and the publishing phenomenon surrounding it indicate that this literature transcends any overt religious meaning and is significant in its political and social implications. It is emblematic of the contemporary American Zeitgeist. Traditionally, literature is both mirror and lamp, reflecting the society that produces it and illuminating the values and interests of that society. Recognizing both of those perspectives, Faith and Fiction examines Christian literature's place in American culture today and explores the cultural meaning and significance of the wildly popular Christian fiction now available.

Economics in Film and Fiction Milica Z. Bookman, Aleksandra S. Bookman, 2009-01-16 Economics is everywhere. It's in business. It's in government. It's in our personal lives. Now this ground-breaking textbook supplement brings this reality to the classroom. The book uses both contemporary and classic film and literature to illustrate 33 fundamental concepts in introductory economics. Designed for use in introductory economics courses, the clearly organized text brings both sides of the lectern closer together through real-life illustration of economic concepts in such favorites as *Jaws*, *Legally Blonde*, *Casablanca*, *The Great Gatsby*, *The Scarlet Letter*, and *The Da Vinci Code*. Each economic topic is described, and terms are defined. A plot synopsis of a film or book sets the stage for each discussion. Using a detailed scene description, the authors then show how the scene illustrates the concept under study. Classroom discussion and assignments are facilitated through a series of questions that probe deeper.
