The Bibliography of Crime Fiction, 1749-1975 Allen J. Hubin, 1979 **Criminal Poisoning** John H. Trestrail, 2000-01-31 Passion poison often makes fools of clever men sometimes even makes clever men of fools La Rochefoucauld This book represents a pioneering work dealing exclusively with poi sons in the hands of the murderer tamperer and terrorist One of the oldest offensive killing weapons developed by humanity after the stick stone and fist were the poisons Yet after nearly 5000 years of recorded history I no in

depth work has ever been produced dealing exclusively with poisons as weapons for homicide The author's review of the international literature has revealed only a few scattered scientific papers dealing with the psychology of the poisoner I and books on medical jurisprudence and forensic investigation have devoted only a few pages to this important subject usually stating that it is a rare occurrence How do we know the true rarity of the use of poisons for homicide All one has to do is look at the number of poisonings that are first documented only after the exhumation of the deceased to raise the logical question If we missed this one how many more have been missed If all those buried in our cemeteries who had been poisoned could raise their hands we would probably be aghast at the numbers For years the homicidal poisoner has remained shrouded in mystery

Film & Video Finder, 1997 *John Updike's Novels* Donald J. Greiner, 1984 This is a companion volume to Greiner's *The Other John Updike* Poems Short Stories Prose Play published in 1981 and is a perceptive study and thorough discussion of Updike's major fiction The book does not impose a thesis on Updike's development as a novelist but offers an informed reading of the novels to isolate and discuss the qualities that made Updike great Greiner supplements this with an analysis of the critical reception accorded to each of the novels He includes excerpts from published interviews with Updike to illuminate his view of fiction his debt to conservative theologian Karl Barth his conception of the dilemma faced by 20th century American writers and his relationship with Nathaniel Hawthorne He has grouped the novels to demonstrate Updike's range of interest his formal versatility and his sharp ear for contemporary American speech Of particular interest is his overview of Updike's Rabbit chronicle ISBN 0 8214 0780 5 23 95
