Whispers Robert Wilhelm Joseph, 2012 This book is the beginning of a new search into the unknown of self I advise caution to the weary and down hearted for I believe it it is only fair to advise that if correctly applied as you read the following material it can be harmful to your perception of reality it may give rise to emotional distress disillusionment and mental incoherence This is in essence the design of an emotional mind drug It is my aim to guide you into a realm where the textures you sense are in truth your own ingredient to what you may see Life is a structure of orientation for beneath the inkwells lie the stigmatic abuses of mankind the places which we alone understand any familiarity I give you a key unto which the shadows of the labyrinth submit From the moment you embark you step into the infinite of possibility and dreamless grandeur You alone guide your destination It is in your power to fail or prevail whether by hope or despair There are two tools to cut upon the girth of the stone on which you are about to place your signature for you can never return your name is purely there for the phantoms to remember you I present the hammer and the chisel The hammer represents fact your experience of reality The chisel is fable the dreams you must hold as you step beyond your conscious recollections The stone lies in verse for I believe poetry is truly the gateway to an endless search into the mind of the soul within the veins of the earth lie trophies and skeletal remains of its dynamic nature Whence we flow where fluids allow and break into diversion to where the rocks divide our souls then we begin the search for the labyrinths heart for few have ventured there therefore I plead Read into the depths of your soul Read into the corners of your mind Read into the winds of your spirit Read into the longing of your dreams Read and know you are not alone
