Running from the Shadows: My Journey to the Light Ryan Sargeant, 2025-09-02 Life is often shaped not only by the moments of triumph but by the struggles endured in silence the battles fought in the hidden corners of the soul *Running from the Shadows: My Journey to the Light* traces the path of resilience through fear loss and the weight of unspoken pain revealing how even in the darkest of places the human spirit searches for a way forward It is a story about what it means to carry wounds and still walk to stumble under the weight of shadows yet continue to move toward the faint promise of something brighter This memoir explores the fragile balance between despair and hope uncovering how strength is rarely born in ease but in the choices made when survival feels impossible Each page carries a reminder that healing is not linear and light is not something passively discovered it is chosen moment by moment against the pull of darkness Honest raw and deeply reflective it offers not only a personal journey but also a universal truth that the act of rising however imperfect is itself a form of victory
