Movies Joan M. Steele, 2012-04-09 Movies more than any other technological breakthrough made their mark on the world. Movies haven't just contributed to our everyday work-a-day world making it more convenient and efficient. They have touched our hearts, our minds, and our souls. Their influence pervades our lives, our society. In *Movies*, author Joan M. Steele offers a glimpse into the movie world. An avid moviegoer from the age of six and throughout her lifetime, she presents a celebration of the movie world, especially Hollywood at the end of the 1930s and into the 1950s. In *Movies*, she discusses Hollywood, how movies have colored our world, and the stars and the actors who have made an impact on the industry. The author shares a list of great movies, actors, roles, and remarkable movie scenes. She examines with a low-key pervasive criticism. *Movies* tell how the motion pictures have been a significant part of authors' lives; they intruded, taught, amused, and gave vicarious pleasure. They have offered escape and relaxation like no other.

Stealing the Show Miriam J. Petty, 2016-03-08 *Stealing the Show* is a study of African American actors in Hollywood during the 1930s, a decade that saw the consolidation of stardom as a potent cultural and industrial force. Petty focuses on five performers whose Hollywood film careers flourished during this period: Louise Beavers, Fredi Washington, Lincoln Stepan Fetchit, Perry Bill, Bojangles Robinson, and Hattie McDaniel, to reveal the problematic stardom and the enduring interdependent patterns of performance and spectatorship for performers and audiences of color. She maps how these actors, though regularly cast in stereotyped and marginalized roles, employed various strategies of cinematic and extracine-matic performance to negotiate their complex positions in Hollywood and to ultimately steal the show. Drawing on a variety of source materials, Petty explores these stars' reception among Black audiences and theorizes African American viewership in the early twentieth century. Her book is an important and welcome contribution to the literature on the movies.
