**Continuum Encyclopedia of Popular Music of the World Volume 8** John Shepherd, David Horn, 2012-03-08 See *The Oxford Handbook of Time in Music* Mark Doffman, Emily Payne, Toby Young, 2021-12-17 Music represents one of humanity's most vivid contemplations on the nature of time itself. The ways that music can modify, intensify, and even dismantle our understanding of time's passing is at the foundation of musical experience and is common to listeners, composers, and performers alike. *The Oxford Handbook of Time in Music* provides a range of compelling new scholarship that examines the making of musical time, its effects, and structures. Bringing together philosophical, psychological, and socio-cultural understandings of time in music, the chapters highlight the act of making, not just as cultural construction but also in terms of the perceptual, cognitive underpinnings that allow us to make sense of time in music. Thus, the Handbook is a unique synthesis of divergent perspectives on the nature of time in music. With its focus on contemporary music while paying attention to some of the generative temporalities of the nineteenth century, the volume establishes the richness and complexity of so much current music making and, in the process, overcomes historic demarcations between art and popular musics.

The Publishers Weekly, 1917      **Tin Pan Alley and the Philippines** Thomas P. Walsh, 2013-04-04 In this innovative resource, Thomas P. Walsh has compiled a unique collection of some 1,400 published and unpublished American musical compositions related to the Philippines during the American colonial era from 1898 to 1946. For the guide, Walsh surveyed a wide array of sources: published songs listed in WorldCat; online catalogs of sheet music collections of university libraries and major public and private research libraries; bibliographic compilations of popular music; periodical literature on music and popular culture; published collections of soldier songs; and sheet music listed for sale on commercial auction websites. The guide also identifies, from song registrations in the U.S. Copyright Office's Catalog of Copyright Entries (CCE), forty-eight years of musical compositions relating to the Philippines. By systematically going through the CCE year by year, Walsh discovered hundreds of unpublished songs written by average Americans expressing their varied views about historical events and personal experiences in America's faraway Southeast Asian colony. Although most of the chronologically listed songs will be new to scholars and students, songs like "Ma Little Cebu Maid," "My Own Manila Sue," "My Filipino Belle," "Down on the Philippine Isles," "Beside the Pasig River," "My Philippine Pearl," and "I Want a Filipino Man" were all published and widely promoted by Tin Pan Alley as well as performed on stage and listened to on records and piano rolls across America. The lyrics often illustrate popular American attitudes, from shrilly patriotic numbers about the Battle of Manila Bay and the later Fall of Bataan and Corregidor to wistful, romantic, and even charming reminiscences of happy days spent in old Manila, to racially charged pieces rife with deprecating stereotypes of Filipinos. The book reprints a number of hard-to-find song lyrics, making them available to readers for the first time in more than a century. It also provides copyright registration numbers and dates.
