Cottrell, Jr* Francis James Child, James Russell Lowell, 1952 **The Scholar-friends** Francis James Child, James Russell Lowell, George William Cottrell (Jr.), 1952

Child's Unfinished Masterpiece Mary Ellen Brown, 2011 The premier scholar of the English language traditional or popular ballad Francis James Child spent decades working on his widely read and performed collection *The English and Scottish Popular Ballads* In this first single author monograph of Child's life and work Mary Ellen Brown analyzes Child's editorial methods his decisions about which ballads to include and his relationships with colleagues at Harvard and abroad Brown draws on his extensive correspondence with collaborators to trace the production of his monumental work from conception and selection through organization and collation of the ballads Child's *Unfinished Masterpiece* shows readers what was at stake in Child's search for original manuscript materials housed at libraries and estates far afield and his desire to uncover unedited versions of previous editors' texts In analyzing Child's letters Brown also delves into his important network of collaborators scholars and friends such as William Macmath Sven Grundtvig James Russell Lowell and Charles Eliot Norton who influenced the organization and content of his work Readers learn about the questions Child faced as an editor whether the materials he gathered were authentic whether a piece was more ballad or a song or whether the text was sufficiently old or traditional In showing Child's struggles with content and organization for *The English and Scottish Popular Ballads* Brown notes the difficulty in defining the ballad genre while also showing that a clear definition is not a fatal flaw of the volume or to scholars' continued study of it **American Folklore Scholarship** Rosemary Levy Zumwalt, 1988-06-22

American Folklore Scholarship is rich reading outlining the intellectual genealogy of American folklore and delivering many interesting historical tidbits Folklore teachers will want to use this book in their introductory theory classes while doctoral students will want to memorize the book before their qualifying exams Folklore Forum a welcome overview of the discipline in North America and the practitioners who established it *American Anthropologist* In this classic text Zumwalt examines the split between literary folklorists and anthropological folklorists The former looked at literary forms for folklore the latter looked at the life and unwritten culture of the people This struggle shaped the study of folklore in the U S **Writers of the American Renaissance** Denise Knight, 2003-12-30 The American literary canon has undergone revision and expansion in recent years and our notions of the 19th century renaissance have been reevaluated Mainstream anthologies have been revised to reflect the expanding literary canon yet resources for readers have remained widely scattered This book expands earlier definitions of the 19th century American Renaissance as represented by canonical writers such as Emerson and Poe covering writers who published popular fiction and dominated the literary marketplace of the day Included is generous

coverage of women writers and writers of color The volume provides alphabetically arranged entries for more than 70 writers of the period including Louisa May Alcott Emily Dickinson Frederick Douglass Margaret Fuller Nathaniel Hawthorne Herman Melville Harriet Beecher Stowe Henry David Thoreau Walt Whitman and many more Each entry was written by an expert contributor and includes a brief biography a discussion of major works and themes a survey of the writer's critical reception and primary and secondary bibliographies **Minutes of the Meeting** Association of Research Libraries, 1999 V 52 includes the proceedings of the conference on the Farmington Plan 1959 *A Scholar's Letters to a Young Lady* Francis James Child, 1920 The Social Lives of Poems in Nineteenth-Century America Michael C. Cohen, 2015-05-28 Poetry occupied a complex position in the social life of nineteenth century America While some readers found in poems a resource for aesthetic pleasure and the enjoyment of linguistic complexity many others turned to poems for spiritual and psychic wellbeing adapted popular musical settings of poems to spread scandal and satire or used poems as a medium for asserting personal and family memories as well as local and national affiliations Poetry was not only read but memorized and quoted rewritten and parodied collected anthologized edited and exchanged Michael C Cohen here explores the multiplicity of imaginative relationships forged between poems and those who made use of them from the post Revolutionary era to the turn of the twentieth century Organized along a careful genealogy of ballads in the Atlantic world The Social Lives of Poems in Nineteenth Century America demonstrates how the circulation of texts in songs broadsides letters and newsprint as well as in books anthologies and critical essays enabled poetry to perform its many different tasks Considering the media and modes of reading through which people encountered and made sense of poems Cohen traces the lines of critical interpretations and tracks the emergence and disappearance of poetic genres in American literary culture Examining well known works by John Greenleaf Whittier and Walt Whitman as well as popular ballads minstrel songs and spirituals Cohen shows how discourses on poetry served as sites for debates over history literary culture citizenship and racial identity *The Ballad and Oral Literature* Joseph Harris, 1991 Francis James Child compiler and editor of *English and Scottish Popular Ballads* established the scholarly study of folk ballads in the English speaking world His successors at Harvard University notably George Lyman Kittredge Milman Parry and Albert B Lord discovered new ways of relating ideas about sung narrative to the study of epic poetry and what has come to be called oral literature In this volume 16 scholars from Europe and the United States offer original essays in the spirit of these pioneers The topics of their studies include well known Child ballads in their British and American forms aspects of the oral literatures of France Ireland Scandinavia medieval England ancient Greece and modern Egypt and recent literary ballads and popular songs Many of the essays evince a concern with the theoretical underpinnings of the study of folklore and literature orality and literacy and as a whole the volume re-establishes the European ballad in the wider context of oral literature Among the contributors are Albert B Lord Bengt R Jonsson Gregory Nagy David Buchan Vestinn Olason and Karl Reichl **Weep Not for Me** Deborah A. In Search of Authenticity Regina Bendix, 2009-07-30 Authenticity is a notion much debated among discussants as diverse as cultural theorists and art dealers music critics and tour operators The desire to find and somehow capture or protect the authentic narrative art object or ceremonial dance is hardly new In this masterful examination of German and American folklore studies from the eighteenth century to the present Regina Bendix demonstrates that the longing for authenticity remains deeply implicated in scholarly approaches to cultural analysis Searches for authenticity Bendix contends have been a constant companion to the feelings of loss inherent in modernization forever upholding a belief in a pristine yet endangered cultural essence and fueling cultural nationalism worldwide Beginning with precursors of Herder and Emerson and the discovery of the authentic in expressive culture and literature she traces the different albeit intertwined histories of German Volkskunde and American folklore studies A Swiss native educated in American folklore programs Bendix moves effortlessly between the two traditions demonstrating how the notion of authenticity was used not only to foster national causes but also to lay the foundations for categories of documentation and analysis within the nascent field of folklore studies Bendix shows that in an increasingly transcultural world where Zulu singers back up Paul Simon and where indigenous artists seek copyright for their traditional crafts the politics of authenticity mingles with the forces of the market Arguing against the dichotomies implied in the very idea of authenticity she underscores the emptiness of efforts to distinguish between folklore and fakelore between echt and ersatz
