Secret History Of Al Qaida:

The Secret History of Al Qaeda Abdel-Bari Atwan, 2012-08-01 Over the last ten years journalist and al Qaeda expert Abdel Bari Atwan has cultivated uniquely well placed sources and amassed a wealth of information about al Qaeda's origins masterminds and plans for the future Atwan reveals how al Qaeda's radical departure from the classic terrorist guerrilla blueprint has enabled it to outpace less adaptable efforts to neutralize it The fanaticism of its fighters and their willingness to kill and be killed are matched by the leadership's opportunistic recruitment strategies and sophisticated understanding of psychology media and new technology including the use of the internet for training support and communications Atwan shows that far from committing acts of violence randomly and indiscriminately al Qaeda attacks targets according to a decisive design underwritten by unwavering patience He also argues that events in Iraq and Saudi Arabia are watershed moments in the group's evolution that are making it more dangerous by the day as it refines and appropriates the concept of jihad and makes the suicide bomber a permanent feature of a global holy war While Osama bin Laden and Ayman al Zawahiri remain al Qaeda's figureheads Atwan identifies a new kind of leader made possible by its horizontal chain of command epitomized by the brutal Abu Musab al Zarqawi in Iraq and the bombers of London Madrid Amman Bali and elsewhere

Secret History of Torture Ian Cobain, 2013-01-01 The official line is clear the United Kingdom does not participate in solicit encourage or condone torture And yet the evidence is irrefutable when faced with potential threats to their national security the gloves always come off Drawing on previously unseen official documents and the accounts of witnesses victims and experts prize winning investigative journalist Ian Cobain looks beyond the cover ups the equivocations and the attempts to dismiss brutality as the work of a few rogue interrogators to get to the truth From the Second World War to the War on Terror via Kenya and Northern Ireland *A Secret History of Torture* shows how the West have repeatedly and systematically resorted to torture turning a blind eye where necessary bending the law where they can and issuing categorical denials all the while What emerges is a picture of Britain that challenges our complacency on human rights and exposes the lie behind their reputation for fair play

Intelligence Wars Thomas Powers, 2004-06-30 This updated edition contains new analysis on the situation in Iraq and the war against terrorism Sold over 10 000 copies in hardcover No one outside the intelligence services knows more about their culture than Thomas Powers In this book he tells stories of shadowy successes ghastly failures and more often gripping uncertainties They range from the CIA's long cold war struggle with its Russian adversary to debates about the use of secret intelligence in a democratic society and urgent contemporary issues such as whether the CIA and the FBI can defend America against terrorism

Al Qaeda Denise N. Baken, Ioannis Mantzikos, 2015-08-26 What threat does Al Qaeda pose to the United States as it continues to evolve in the wake of the Arab Spring and what are the group's evolving strategies for growth and survival internationally This book provides answers Ideal for both students of terrorism and general readers wanting to better understand modern terrorism this book provides an in depth look at Al Qaeda

including its origins evolution doctrines structure and terrorist operations The authors examine Al Qaeda s operational transitions over the last two decades and consider these changes in terms of the impact of the Internet the viciousness of the violence employed the leverage of colonial past and the subsequent international implications Particular attention is paid to Al Qaeda s changing strategies for growth and survival across the Middle East and Africa as well as the threats that it poses to the United States as it continues to evolve in the wake of the Arab Spring The work addresses why Al Qaeda now both a professional force and a network of so called lone wolves must remain a primary focus of the United States and other Western states while also recognizing that the threat of terrorism goes beyond Al Qaeda *Al-Qaida After Ten Years of War* Norman Cigar, Stephanie E. Kramer, Marine Corps University (U.S.). Press, 2011 One key factor that emerged from the various presentations was the sheer variety of issues leaderships local security environments and prospects for the local groups that are affiliated with Al Qaida in some way Other key judgments are also revealed including that Al Qaida continues to harbor implacable hostility toward the international system the United States Israel and many local governments Each presentation by the various contributors are represented as separate essays within this text Regional and territorial maps are interspersed throughout the book to showcase key areas to the group Some may find interest in the metrics set by Al Qaida as well as the Goods and Services Exchanged Between Al Qaida and its partners that are showcased through charts and tables **The Holy Warrior: Osama Bin Laden and His Jihadi Journey in the Soviet-Afghan War** Reagan

Fancher, 2023-10-10 Fought between 1979 and 1989 the Soviet Afghan War provided vital combat experience for Osama bin Laden and his senior lieutenants in al Qaeda allowing them to hone their newly acquired skills in guerrilla warfare to later support Islamist insurgencies worldwide Yet the ruthless al Qaeda chief s success depended on the Soviet leadership s reluctant prolonging of its military occupation out of fear of leaving Afghanistan in hostile hands As relative latecomers to the ferocious Afghan frontlines the inexperienced Arab fighters benefitted militarily from the combat training unwittingly provided by their Soviet foes After skillfully obtaining this command and battle experience by working within the wartime atmosphere bin Laden channeled al Qaeda s efforts in a global jihadi campaign targeting a second superpower and its allies While allegations of U S support for the Arab jihadis have contributed to a popular image of bin Laden and al Qaeda as CIA creations the historical facts appear to demonstrate that the combat opportunities provided by the Soviet occupation forces played a far larger role in transforming them into seasoned guerrilla fighters In this second edition Reagan Fancher updates and expands his monograph in an Afterword elaborating on the contemporary U S U K perceptions of bin Laden s wartime actions and their results as he applied his battle honed guerrilla tactics judo skills and recruitment capabilities in tactically helping Yemen s anti communist Salafi guerrillas to emerge victoriously in their country s 1994 Civil War before concluding with an assessment of the founding al Qaeda leader s impact on history It offers an opportunity for today s decision makers to learn from history and avoid creating new generations of Osama bin Ladens **Terrorism and Counterintelligence** Blake

W. Mobley, 2012 Discussing the challenges terrorist groups face as they multiply and plot international attacks while at the same time providing a framework for decoding the strengths and weaknesses of their counter intelligence Blake W Mobley offers an indispensable text for the intelligence military homeland security and law enforcement fields **Traces of Terrorism** Matthias Plügge, 2023-04-28 Terrorism usually is a consequence of geopolitical decisions Therefore this book chooses a historical approach it shows the most important terrorist attacks and their contexts After all terrorism is ultimately not a string of disconnected events rather follows a line of development that this book seeks to trace in a chronicle **The Hidden History of 9/11** Paul Zarembka, 2011-01-04 How much insider trading occurred in the days leading up to 9 11 How compromised is the evidence against alleged hijackers Why were there no military interceptions To what extent does the testimony of more than five hundred firefighters differ from official reports of what happened at the World Trade Center buildings that day How inseparably connected are Western covert operations to al Qaeda How is Islamophobia used to sustain US imperialism What was the 9 11 Commission With contributions from Nafeez Mosaddeq Ahmed Four Arrows David Ray Griffin Jay Kolar David MacGregor Diana Ralph Kevin Ryan and Bryan Sacks this path breaking work examines 9 11 and its background showing how much remains unknown and where further investigation and debate is needed Indirect Responsibility for Terrorist Acts Marja Lehto, 2009 The book offers several perspectives to the analysis of the expansion and diversification of international legal responses to terrorism It focuses in particular on the move during the past decade towards more indirect forms of responsibility
