The Redeemed Good Defense Anthony MacPherson,2021-07-06 Why God Everyday this question is uttered in sorrow bewilderment or anger This cry is the problem of suffering It is also known as the problem of evil It asks why a good all powerful God allows evil and pain Theodicy is the name of the theological responses that seek to defend God against charges of unfairness Traditional theodicies have been accused of intensifying the problem by claiming that God is justified in allowing evil because he uses it to bring about a greater good This greater good approach has been criticized in more recent times It seems to uncomfortably align God and evil too closely together Does God need evil in order to bring good This study explores an alternative stream of theodicy found in the idea of cosmic warfare In this theodicy God fights evil in its moral physical spiritual and supernatural forms This book explores the world of theodicy and its cosmic warfare forms It navigates the theological and ethical minefields involved Building on the idea that God is in the midst of a great cosmic controversy it seeks to further the conversation and articulates a new alternative redeemed good defense
