Selected Papers On American English American English 1781 1921:

American English, 1781-1921: Selected papers on American English Daniel R. Davis, 2003 **The emergence of American English as a discursive variety** Ingrid Paulsen, 2022 Do speakers identity constructions influence the emergence of new varieties of a language This question is at the heart of a debate about how the process of the emergence of postcolonial varieties of English can best be modeled This volume contributes to the debate by linking it to models and theories proposed by anthropological linguists sociolinguists and discourse linguists who view identity as a social and cultural phenomenon that is produced through linguistic and other social practices Language is seen as essential for identity constructions because speakers use linguistic forms that index social personae as well as specific social practices and values to convey an image of self to other speakers Based on the theory of enregisterment that models the cultural and discursive process of the creation of indexical links between linguistic forms and social values the argument is made that any model of the emergence of new varieties needs to differentiate carefully between a structural level and a discursive level What emerges on the discursive level as a result of processes of enregisterment is a discursive variety The volume illustrates how the emergence of a discursive variety can be systematically studied in a historical context by focusing on the enregisterment of American English as it can be observed in nineteenth century U S newspapers Using a discourse linguistic methodological framework and two large databases containing close to 78 million newspaper articles the study reveals a complex pattern of indexical links between the phonological forms h dropping and insertion yod dropping a lengthened and backened bath vowel non rhoticity a realization of prevocalic r as a labiodental approximant as well as the lexical items baggage and pants on the one hand and social values centering around nationality authenticity and non specificity on the other hand Qualitative analyses uncover the social personae associated with the linguistic forms e g the American cowboy the African American mammy and the Anglo maniac American dude while quantitative analyses trace the development over time and show that the enregisterment processes were widespread and not restricted to a particular region The Pronunciation of Standard English in America George Phillip Krapp, Gilbert M. Tucker, 2013-10-08 Part of the series on American English from 1781 to 1921 Volume VIII includes a guide to the phonetics of American English with the purpose to provide a rational method of examining pronunciation the most important of the practical aspects of speech Also included is American English 1921 that reflects the progressive development of the author s ideas on the subject over a forty year period It consists of a critical discussion of works on Americanisms a list of exotic or supposed Americanisms which appear in the primary collections of Americanisms a list of real Americanisms which do not appear in those works a list of misunderstood Americanisms and finally a bibliography *Glossaries Of Americanisms* Daniel R Davis, 2013-11-05 American lexicography has a distinguished and familiar tradition Elwyn 1859 is intended as a corrective response to the excessive identification of Americanisms but in fact represents what one might term the traditionalist position Fallows 1883 is significant as a treatment of Americanisms

and Criticisms for a general audience Norton 1890 is a specific application to American political life *Asian Englishes* Kingsley Bolton, Braj B. Kachru, 2007 Brings together a range of sources charting the spread of English throughout Asia and the development of Asian Englishes from the eighteenth century through to the 1960s **The United States Catalog Supplement, January 1918-June 1921** Eleanor E. Hawkins, 1921 **American Book Publishing Record**, 2003
Guide to Reprints, 2005 *The United States Catalog; Books in Print January 1, 1912* H.W. Wilson Company, 1921
Select Papers American English Daniel R. Davis, 2003 First published in 2003 Routledge is an imprint of Taylor Francis an informa company Routledge Library Editions: Banking & Finance Various, 2021-12-02 Current interest in the history of money and banking remains strong and it is opportune to survey developments both in the UK USA Europe and Asia This set provides historical analysis which incorporates research from the early twentieth century onwards in a form that is both accessible to students of money banking and economists economic historians and bankers This set re issues 38 volumes originally published between 1900 and 2000 It charts the history of early banking discusses banking in the UK Europe Japan and the USA analyses banks as multinationals the UK mortgage market banking policy and structure and examines specific sectors such as gilts and gold **The New Cambridge Bibliography of English Literature: Volume 2, 1660-1800** George Watson, Ian R. Willison, 1971-07-02 More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries Bulletin of the Public Affairs Information Service Public Affairs Information Service, 1922 **General George Washington** Edward G. Lengel, 2007-01-09 The most comprehensive and authoritative study of Washington's military career ever written Joseph J. Ellis author of His Excellency George Washington Based largely on George Washington's personal papers this engrossing book paints a vivid factual portrait of Washington the soldier An expert in military history Edward Lengel demonstrates that the secret to Washington's excellence lay in his completeness in how he united the military political and personal skills necessary to lead a nation in war and peace Despite being an imperfect commander and at times even a tactically suspect one Washington nevertheless possessed the requisite combination of vision integrity talents and good fortune to lead America to victory in its war for independence At once informative and engaging and filled with some eye opening revelations about Washington the American Revolution and the very nature of military command General George Washington is a book that reintroduces readers to a figure many think they already know The book's balanced assessment of Washington is satisfying and thought provoking Lengel gives us a believable Washington the most admired man of his generation by far The

Washington Post Book World A compelling picture of a man who was the archetypal American soldier The sum of his parts was the greatness of Washington The Boston Globe An excellent book fresh insights If you have room on your bookshelf for only one book on the Revolution this may be it The Washington Times The Publishers Weekly ,1928 *The United States Catalog* ,1921 **The Cambridge Paperback Guide to Literature in English** Ian Ousby,1996-02-23 Derived from the parent Guide to Literature in English this volume offers in concise form over 4 000 entries on literature in English from cultures throughout the world Writers and major works from the UK and the USA are represented as are those from Canada the Caribbean Australia India and Africa The coverage is broad from the classics of English literature to the best of modern writing Additionally the Guide has a wealth of entries on literary movements groups or schools in literature and criticism literary magazines genres and sub genres critical concepts and rhetorical terms Russian-American Dialogue on the American Revolution Gordon S. Wood,Louise G. Wood,1995 Nine prominent modern Russian historians present essays on the American Revolution US historians comment on the essays and the Russians respond to the critiques sometimes quite strongly The Russians discuss topics similar to those considered by Americans such as the politics of the Continental Congress the Articles of Confederation Shay s rebellion and the ideas and actions of the Founding Fathers but often apply Marxist principles that smell bad to the Americans Annotation copyright by Book News Inc Portland OR The Open Shelf ,1919 **Dictionary of Canadian Biography / Dictionnaire Biographique Du Canada** Francess G. Halpenny,Jean Hamelin,1983-11 The Dictionary of Canadian Biography is the definitive biographical reference work in Canadian history No serious student of Canada s past can function without access to this thorough balanced and reliable source R Hall Globe and Mail
