Selected Poems 1935 1963:

Selected Poems 1935-1963 (of Lawrence Durrell) Lawrence Durrell, 1964 **Lawrence Durrell's Poetry** Isabelle Keller-Privat, 2019-04-25 This book offers the first in depth analysis of Lawrence Durrell's entire poetic opus from his early collections in the 1940s up to his last one published in 1973 Thirty years of Durrellian poetry are brought together in order to unveil the genesis of Durrell's writing both poetic and fictional drawing links to his novels and residence books which he kept writing at the same time Durrell thus appears as first and foremost one of the greatest late modernist poets whose literary and epistemological investigations are to be understood in the light of a worldwide network of literary brotherhoods including T S Eliot Michael Fraenkel Henry Miller and David Gascoyne Simultaneously this book shows why Durrell must also be read as the heir to the greatest English romantic poets Byron Shelley Keats and Wordsworth as well as to the French symbolists and modernists from Baudelaire to Nerval Valéry and Cendrars This comparative approach opens up a brand new perspective on Durrell that has not yet been broached by North American and English scholarship The symbolic patterns the stylistic ploys and the aesthetic and philosophic tenets that characterize Durrell's poetics account for the necessary back and forth reading that connects prose and poetry the fictional and the lyrical the descriptive and the abstract Poetry excerpts extracts from his residence books novels and essays highlight not only Durrell's complex literary strategies but also the ontological quest of a writer who although never at home with the world he lived in strove to create a life world what semiologists call the *Umwelt*

The Durrells Richard Bradford, 2025-06-05 A variously tragic tale of escapism and assimilation Richard Bradford's *The Durrells* explores the truth behind the image The Durrells are probably the most celebrated literary family of the 20th century Gerald turned them into celebrities with his tripartite memoir beginning with *My Family and Other Animals* 1956 which told of his experiences with his widowed mother Louisa and three siblings during their time in 1930s Corfu We know of the Durrells from their own writings and from the image of them created by TV film and biographical accounts of specific figures What we do not know is the truth Using previously unpublished material from the Jersey Archive Richard Bradford unravels the lives of the famous four children of the Corfu era Larry Gerry Margo and Lesli as they find themselves geographically and emotionally divided amongst a backdrop of imperial decline and unrest The children of moneyed colonialists they were already used to being treated with aghast fascination by the island's locals and by expatriate Britons as a disgrace to the homeland Yet their story goes beyond the Ionian Sea and *The Durrells* delves into the complex social and political circumstances in which the family lived with seemingly constant threats of war and endangerment to both themselves and their natural environment
