dimension especially the hidden implication of sexual passion in revolutionary literature formulate feminist critiques of the conception of women in literary expressions of revolution explore the function of revolution as historical discourse and in historiographical representation and discuss the reworking of revolutionary classics in recent literary and artistic endeavours Here revolution in history and in literature is conceptualized neither as an unquestionably progressive and creative force for a new world nor an absolutely pejorative concept that necessarily leads to sociopolitical turmoil and tragedy Insofar as postrevolutionary writings cannot but reappropriate the revolutionary spirit as their unavoidable and inseparable traumatic kernel studies in revolutionary literature and culture too go through the zigzag experience of revolution in order to scrutinize its complex implications

*Baudelaire in China* Gloria Bien, 2012-12-14 Baudelaire's work entered China in the twentieth century amidst political and social upheavals accompanied by a literary revolution that called for classical models and modes of expression to be replaced by vernacular language and contemporary content Chinese writers welcomed their meeting with the West and openly embraced Western literature as providing models in developing their new literature Baudelaire's reception in China provides a representative study of this meeting of East and West His work which has been declared to stand between tradition and modernity also lies at the intersection between classical and modern literature in China Many of the best known and most highly regarded writers in twentieth century China were drawn to Baudelaire's work and some addressed it directly in their own writings Bien draws upon H R Jauss's theory of the shifting and expanding horizons of expectation in the reading and interpretation of a literary work and upon James J Y Lin's notion of worlds received and created by both author and reader to show how poetic lines images and ideas as well as Chinese critics' comments eventually weave into a rich picture of Baudelaire's reception in China

Occidentalism Xiaomei Chen, 2002 This revised and expanded edition of the first comprehensive study of Occidentalism in post Mao China includes a new preface foreword and chapter on Chinese diaspora writings in the Chinese language Xiaomei Chen offers an insightful account of the unremittingly favorable depiction of Western culture and its negative characterization of Chinese culture in post Mao China since 1978 She examines the cultural and political interrelationship between the East and West from a vantage point more complex than that accommodated by most current theories of Western imperialism and colonialism Going beyond Edward Said's construction in *Orientalism* of cross cultural appropriations as a defining facet of Western imperialism Chen argues that the appropriation of Western discourse what she calls Occidentalism can actually have a politically and ideologically liberating effect on contemporary non Western culture She maintains that simplistic allegations of Orientalism frequently found in current critical discourses seriously underestimate the complexities of intercultural and multicultural relationships Using China as the focus of her analysis Chen examines a variety of cultural media from Shakespearean drama to modernist poetry to contemporary Chinese television and popular fiction She thus places sinology in the general context of Western theoretical discourses such as Eurocentrism postcolonialism nationalism modernism feminism and literary hermeneutics showing that it

has a vital role to play in the study of Orient and Occident and their now unavoidable symbiotic relationship Occidentalism presents a new model of comparative literary and cultural studies that reenvisions cross cultural appropriation It will be indispensable to future discussions of Orientalism Occidentalism and postcolonialism as well as subaltern studies Asian studies comparative literature cultural studies and non Western drama
