Szabo, 2013-08-20 A new broad comprehensive view of the innovative poetry of the late great Trappist monk and religious philosopher Thomas Merton Poet Trappist monk religious philosopher translator social critic the late Thomas Merton was all these things Until now no selection from his great body of poetry has afforded a comprehensive view of his varied and largely innovative work In the Dark Before Dawn New Selected Poems of Thomas Merton is not only double the size of Merton's earlier Selected Poems 1967 it also arranges his poetry thematically and chronologically so that readers can follow the poet's multifarious interrelated lines of thought as well as his poetic development over the decades from his college days in the 1930s to his untimely accidental death in Bangkok in 1968 during his personal Eastern pilgrimage The selections are grouped under eight thematic headings Geography's Landscapes Poems from the Monastery Poems of the Sacred Songs of Contemplation History's Voices Past and Present Engaging the World On Being Human Merton and Other Languages The Collected Poems of Thomas Merton Thomas Merton, 1998 **The Collected Poems of Thomas Merton** Thomas Merton (o.cist.), 1980 **Words and Silence** Thérèse Lentfoehr, 1979 Words and Silence On the Poetry of Thomas Merton brings to the study of the late Trappist monk's verse the special perceptions born of a friendship of nearly three decades duration It started with a brief correspondence between two poets in 1939 two years before Merton entered the monastery of Gethsemani in Kentucky and lasted until his tragic accidental death in 1968 Throughout these years Sister Therese Lentfoehr held a number of university positions in her native Wisconsin and elsewhere all the while amassing an extensive Merton archival collection including various drafts of individual poems and prose pieces translations books and pamphlets and even portions of hand written private journals The comparison of variant readings sometimes three or four drafts of a single poem proved invaluable in preparing this study But of greater worth was the continued intellectual sharing that not only gave Sister Therese growing insight into Merton the monk and contemplative but afforded her a working understanding as it were of his poetic vision Beginning with his pre Trappist writing and his first published collection in 1911 Sister Therese systematically analyses the entire corpus of Merton's poetry the earlier monastic preoccupations to the later Zen influences the recurrent religious and social themes the increasingly surreal imagery and the

developing antipoetry of his final books Provided with a bibliography and index Words and Silence is a recommended companion to The Collected Poems of Thomas Merton 1977 a key to the very mind and spirit of an extraordinary monk and poet

Selected Poems Octavio Paz, G. Aroul, 1984 Octavio Paz asserts Eliot Weinberger in his introduction to these Selected Poems is among the last of the modernists who drew their own maps of the world For Latin America's foremost living poet his native Mexico has been the center of a global mandala a cultural configuration that in his life and work he has traced to its furthest reaches to Spain as a young Marxist during the Civil War to San Francisco and New York in the early 1940s to Paris as a surrealist in the postwar years to India and Japan in 1952 and to the East again as his country's ambassador to India from 1962 to 1968 and to various universities in the United States throughout the 1970s A great synthesizer the rich diversity of Paz's thought is shown here in all its astonishing complexity Among the sixty-seven selections in this volume a gathering in English of his most essential poems drawn from nearly fifty years work are Muriel Rukeyser's now classic version of Sun Stone and new translations by editor Weinberger of Blanco and Maithuna And since for Paz forever in motion there can be no such thing as a definitive text all the poems have been revised to conform to the poet's most recent changes in the original Spanish Besides those by Rukeyser and Weinberger the translations in the Selected Poems are by G Aroul Elizabeth Bishop Paul Blackburn Lysander Kemp Denise Levertov Mark Strand Charles Tomlinson William Carlos Williams and Monique Fong Wust

An Analysis of Imagery in Selected Poems of Thomas Merton Rosemarie Julie Gavin, 1951

The Letters of Thomas Merton and Victor and Carolyn Hammer F. Douglas Scutchfield, Paul Evans Holbrook Jr., 2014-11-12 This study affords an entirely new view of the nature of modern popular entertainment American vaudeville is here regarded as the carefully elaborated ritual serving the different and paradoxical myth of the new urban folk It demonstrates that the compulsive myth-making faculty in man is not limited to primitive ethnic groups or to serious art that vaudeville cannot be dismissed as meaningless and irrelevant simply because it fits neither the criteria of formal criticism or the familiar patterns of anthropological study Using the methods for criticism developed by Susanne K Langer and others the author evaluates American vaudeville as a symbolic manifestation of basic values shared by the American people during the period 1885-1930 By examining vaudeville as folk ritual the book reveals the unconscious symbolism basic to vaudeville in its humor magic animal acts music and playlets and also in the performers

and the managers which gave form to the dominant American myth of success This striking view of the new mass man as a folk and of his mythology rooted in the very empirical science devoted to dispelling myth has implications for the serious study of all forms of mass entertainment in America The book is illustrated with a number of striking photographs

The Environmental Vision of Thomas Merton Monica Weis,2011-06-24 Delightful a superb guide to the ecological themes of Merton s life and writings The Christian Century Nature was always vital in Thomas Merton s life from the long hours he spent as a child watching his father paint landscapes in the fresh air to his final years of solitude in the hermitage at Our Lady of Gethsemani where he contemplated and wrote about the beauty of his surroundings Throughout his life Merton s study of the natural world shaped his spirituality in profound ways and he was one of the first writers to raise concern about ecological issues that have become critical in recent years In The Environmental Vision of Thomas Merton Monica Weis suggests that Merton s interest in nature which developed significantly during his years at the Abbey of Gethsemani laid the foundation for his growing environmental consciousness Tracing Merton s awareness of the natural world from his childhood to the final years of his life Weis explores his deepening sense of place and desire for solitude his love and responsibility for all living things and his evolving ecological awareness Explains how Merton evolved from a nature enthusiast to one of the world s most respected ecological stewards Louisville Courier Journal

Thomas Merton and the Celts Monica R. Weis,2016-09-19 Thomas Merton and the Celts offers a new lens through which to view Merton s li fe and spirituality By examining unpublished letters notebooks and taped conferences for the Trappist novices previously unavailable to the general reader the author breaks new ground in Merton studies revealing Merton s growing fascination with his Welsh ancestry Celtic monasticism and early Irish hermit poetry Merton having immersed himself in reading about Celtic Christianity not just about liturgy but about household rituals illuminated manuscripts high crosses and hermit poetry as well recognized in these ancient hermits who lived on water and herbs experienced kinship with creatures and wrote poems about the birds a mirror of his own desires Indeed in a profound way and at a deep level Merton discovered himself in Celtic

Christianity *A Coney Island of the Mind* Lawrence Ferlinghetti, 1958 Twenty nine poems from the 1950 s Walking with Thomas Merton Robert G. Waldron, 2002 An appreciation in journal form of Thomas Merton as spiritual writer monk and poet **Thomas Merton's Art of Denial** David D. Cooper, 2008-12-01 Trappist monk and best selling author Thomas Merton battled constantly within himself as he attempted to reconcile two seemingly incompatible roles in life As a devout Catholic he took vows of silence and stability longing for the security and closure of the monastic life But as a writer he felt compelled to seek friendships in literary circles and success in the secular world In Thomas Merton s Art of Denial David D Cooper traces Merton s attempts to reach an accommodation with himself to find a way in which the silence of the monk could live compatibly with the racket of the writer From the roots of this painful division in the unsettled early years of Merton s life to the turmoil of his directionless early adult years in which he first attempted to write he was besieged with self doubts Turning to life in a monastery in Kentucky in 1941 Merton believed he would find the solitude and peace lacking in the quotidian world But as Merton once wrote An author in a Trappist monastery is like a duck in a chicken coop And he would give anything in the world to be a chicken instead of a duck Merton felt compelled to choose between life as either a less than perfect priest or a less prolific writer Discovering in his middle years that the ideal monastic life he had envisioned was an impossibility Merton turned his energies to abolishing war It was in this pursuit that he finally succeeded in fusing the two sides of his life converting his frustrated idealism into a radical humanism placed in the service of world peace Here is a portrait of a man torn between the influence of the twentieth century and the serenity of the religious ideal a man who used his own personal crises to guide his youthful ideals to a higher purpose
