Selected Piano Works For Four Hands

San Francisco Public Library

Selected Piano Works For Four Hands:

Selected Piano Works for Four Hands Franz Schubert, 1977-01-01 Franz Schubert's piano pieces for four hands are among the most varied and significant works in the entire repertoire. Schubert wrote more of these works than any other major composer, and generations of teachers, students, and concert musicians have enjoyed their enduring beauty and vitality. Included in this volume are 15 of Schubert's best and most popular titles taken from the definitive Breitkopf and Hartel Schubert Gesamtausgabe. Composed between 1818 and 1828, they include the tremendously popular Military Marches Op. 51, of which the D Major is a striking and familiar melody; the famed Grand Duo Sonata in C Major Op. 140; the Fantasia in F Minor Op. 103, written only a few months before Schubert's death; it is one of the most famous and elegantly expressive works in the genre; Variations in A-flat Major on an Original Theme Op. 35; Andantino Varié in B Minor on French Motifs Op. 84; No. 1 Fugue in E Minor Op. 152; and a delightful array of ländler, polonaises, and variations. The 23 separate pieces have been selected so that pianists of virtually any level can find works to match their needs. They range in difficulty from beautifully sculpted marches that beginners can play to works requiring maturity and great technical skill. This volume has been specially designed as a playing edition. The noteheads are large and easily readable at the piano, and wide margins allow plenty of room for written notes, fingerings, analysis, etc. Of special importance is the addition of measure numbers placed on alternate staves, which allow the pianists to find their place quickly while rehearsing. For playing, study, or simply listening along with records, this volume will be an admirable addition to your music library. Selected Piano Works for Four Hands,

Selected Piano Works Johann Ladislaus Dussek, 1799 **Piano Duet Repertoire** Cameron McGraw, 2016-05-09 Since the 1981 publication of the first edition, Cameron McGraw's Piano Duet Repertoire has been a trusted guide for duet performers. This second edition, edited and substantially expanded by Christopher and Katherine Fisher, brings the volume into the 21st century, adding over 500 new or updated composer entries and nearly 1,000 new work entries to the volume, a testament to the renewed interest in piano duet playing. Entries are arranged alphabetically by composer and include both pedagogical and concert repertoire. The annotations and the grade level indications provide piano teachers a wealth of instructional guidance. The book also contains updated appendices listing collections and duet works with voice and other instruments. This new edition features a title index and a list of composers by nationality, making it a convenient and indispensable resource. *Selected Piano Works, Part 1* Johann Ladislaus Dussek, 1799-01-01 **La jota aragonesa and other favorites for piano four hands** Louis Moreau Gottschalk, Joseph Banowetz, 2003-01-01 Gottschalk's Creole heritage and extensive visits to Cuba, the West Indies, and South America are reflected in this great-sounding, glittering and wonderfully melodious music for piano duet. Contents include La jota aragonesa Op. 14; Ojos criollos Op. 37; Ronds-moi Cuban dance Op. 50; La gallina Op. 53; Ses yeux polka Op. 66; Grande tarentelle Op. posth. 67; Radiuse concert waltz Op. 72; and as an encore, Gottschalk's legendary four-hand arrangement of Rossini's ever-popular William Tell Overture. **Complete**

Bach Transcriptions for Solo Piano Franz Liszt, 2003-01-01 Franz Liszt's transcriptions of other composers' music are as highly regarded as his original piano works. Some listeners, such as Schumann, among them, consider Liszt's painstaking transcriptions to be completely new works. Using his gifts for fathoming the deepest meanings of a given piece, Liszt also created a uniquely revealing work. In addition to drawing attention to composers and works that would otherwise have remained unknown to a wider public, Liszt's piano transcriptions introduced the instrument to uncharted territory for the first time: a keyboard could be used to reproduce the sound of any instrument. The composer brought numerous innovations to the practice of piano playing to achieve the richness and color of the original works, from the technique of hand crossing to revolutionary changes in the use of the pedals. First acquainted with the works of Bach through his piano studies, Liszt further explored the earlier composer's works in his career as a virtuoso performer. His piano interpretations of Bach's organ music are executed in a simple and straightforward manner and they rapidly became the classic models for all future works in this genre. This compilation featuring such famous and well-loved works as Six Organ Preludes and Fugues BWV 543-548 and the Fantasy and Fugue in G minor BWV 542 attests to their enduring power and beauty. [Complete Works for Pianoforte Solo, Vol. II](#) Felix Mendelssohn, 2013-04-16 Volume 2 includes Sonatas Op. 105 and 106, Complete Songs without Words, more. [Music Catalogue](#) San Francisco Public Library, 1909 **Piano Music of Robert Schumann, Series I** Robert Schumann, 2013-03-27 Major compositions from period 1830-39: Papillons, Toccata, Grosse Sonate No. 1, Phantasies, Arabeske, Blumenstück and 9 other works.
