**Jennifer L. Goloboy**

## **Selections From The Collection Of The Carolina Art Association:**

**Selections from the Collection of the Carolina Art Association** Carolina Art Association, 1977-01-01

**SELECTIONS FROM THE COLLECTION OF THE CAROLINA ART ASSOCIATION.** , 1977 Classical Savannah  
, 1995 By the end of the eighteenth century classicism which arose out of Europe's fascination with ancient Greece and Rome had also left its mark on America This study of the classical style in the fine and decorative arts shows the extent to which it influenced the material culture of Savannah Georgia from 1800 to 1840 More than 130 examples of objects owned in Savannah in this period are illustrated described and discussed The objects include oil paintings and watercolors clocks musical instruments jewelry sculptures engravings bank notes needlework china silver brass lighting fixtures architectural elements and furniture Page Talbott presents an overview of the origins of classicism in Europe and its spread to America Emphasizing Americans' close identification of classicism with national values and ideals Talbott also discusses the style in the context of Savannah's social life and its history as a major southern port She covers not only the principles methods and materials of classical design but also the manufacture distribution sale and ownership of a wide range of functional and decorative objects Classical Savannah is the companion volume to the Classical Savannah exhibition which opened in the spring of 1995 at the Telfair Museum of Art in Savannah Illustrating well over half of the items in the exhibit and including a detailed checklist of the additional seventy objects not shown in the book Classical Savannah is a valuable source for historians designers decorators collectors and anyone interested in this period of America's history **World Museum Publications 1982** , 1982 **Annual Report** National Endowment for the Arts, 1988 Reports for 1980-19 also include the Annual report of the National Council on the Arts **Charleston and the Emergence of Middle-Class Culture in the Revolutionary Era** Jennifer L. Goloboy, 2016-10-10 Too often says Jennifer L. Goloboy we equate being middle class with niceness a set of values frozen in the antebellum period and centered on long term economic and social progress and a close nurturing family life Goloboy's case study of merchants in Charleston South Carolina looks to an earlier time to establish the roots of middle class culture in America She argues for a definition more applicable to the ruthless pursuit of profit in the early republic To be middle class then was to be skilled at survival in the market economy What prompted cultural shifts in the early middle class Goloboy shows were market conditions In Charleston deference and restraint were the bywords of the colonial business climate while rowdy ambition defined the post Revolutionary era which in turn gave way to institution building and professionalism in antebellum times Goloboy's research also supports a view of the Old South as neither precapitalist nor isolated from the rest of American culture and it challenges the idea that post Revolutionary Charleston was a port in decline by reminding us of a forgotten economic boom based on slave trading cotton exporting and trading as a neutral entity amid warring European states This fresh look at Charleston's merchants lets us rethink the middle class in light of the new history of capitalism and its commitment to reintegrating the Old South into the world economy Insiders'

Guide® to Charleston Lee Davis Perry, 2018-12-01 *Insiders Guide to Charleston* is the essential source for in depth travel and relocation information to this charming southern city. Written by locals and true insiders it offers a personal and practical perspective of Charleston and its surrounding environs. With over two million books sold *Insiders Guides* are the essential source for in depth travel and relocation information making them an indispensable guide for travelers and residents alike.

**The Politics of Taste in Antebellum Charleston** Maurie Dee McInnis, 2005 At the close of the American Revolution Charleston South Carolina was the wealthiest city in the new nation with the highest per capita wealth among whites and the largest number of enslaved residents. Maurie D McInnis explores the social political *Charleston Celebration* Shelia Watson, 2022-11-01 A century before Boston became the birthplace of the American Revolution Carolina Colony was the birthplace of entertainment and leisure activities in Colonial America. Building a civilized city in the uncultivated New World was hard work but Southern settlers made sure to leave time for life's lighter pursuits. Every aspect of the port city elicited pleasure from the architecture to the magnificent parks and manicured gardens. Throughout the Civil War Reconstruction and the Great Depression Charleston and other seaside towns along South Carolina's coast were fertile ground for art music and opportunity. It's no wonder the region has drawn famous characters for hundreds of years from political leaders George Washington Thomas Heyward Jr and John C Calhoun to pirates Stede Bonnet Blackbeard and Anne Bonny and the artists writers musicians and architects who ushered in the Charleston Renaissance in the twentieth century. Take a journey through Charleston's past with a look at the talented people and inspiring events that shaped the city and surrounding region into a cultural mecca of art music dance and design. Each chapter features an itinerary for a walking or driving tour to help readers celebrate the lesser known side of Charleston's entertaining past. Aaron Douglas Aaron Douglas, Renée Ater, 2007-01-01

**Slaves in the Family** Edward Ball, 2014-04-22 Journalist Ball confronts the legacy of his family's slave owning past uncovering the story of the people both black and white who lived and worked on the Ball's South Carolina plantations. It is an unprecedented family record that reveals how the painful legacy of slavery continues to endure in America's collective memory and experience. Ball a descendant of one of the largest slave owning families in the South discovered that his ancestors owned 25 plantations worked by nearly 4 000 slaves. Through meticulous research and by interviewing scattered relatives Ball contacted some 100 000 African Americans who are all descendants of Ball slaves. In intimate conversations with them he garnered information hard words and devastating family stories of precisely what it means to be enslaved. He found that the family plantation owners were far from benevolent patriarchs instead there is a dark history of exploitation interbreeding and extreme violence. Publisher description **American Portrait Miniatures in the Manney Collection** Dale T. Johnson, 1990 **Catalogue of the ...
