*Self and Community in the Fiction of Elizabeth Spencer* Terry Roberts, 1994      **Elizabeth Spencer's Complicated Cartographies** C. Seltzer, 2009-07-20 This book subjects the works of Elizabeth Spencer critically acclaimed but canonically marginalized to a study that reveals their interaction with the southern canon as they question its boundaries and remap the long established landscapes of southern identity      *Companion to Literature* Abby H. P. Werlock, 2009 Praise for the previous edition Booklist RBB Twenty Best Bets for Student Researchers RUSA ALA Outstanding Reference Source useful Recommended for public libraries and undergraduates      *The New Encyclopedia of Southern Culture* M. Thomas Inge, 2014-02-01 Offering a comprehensive view of the South's literary landscape past and present this volume of The New Encyclopedia of Southern Culture celebrates the region's ever flourishing literary culture and recognizes the ongoing evolution of the southern literary canon As new writers draw upon and reshape previous traditions southern literature has broadened and deepened its connections not just to the American literary mainstream but also to world literatures a development thoughtfully explored in the essays here Greatly expanding the content of the literature section in the original Encyclopedia this volume includes 31 thematic essays addressing major genres of literature theoretical categories such as regionalism the southern gothic and agrarianism and themes in southern writing such as food religion and sexuality Most striking is the fivefold increase in the number of biographical entries which introduce southern novelists playwrights poets and critics Special attention is given to contemporary writers and other individuals who have not been widely covered in previous scholarship      *Encyclopedia of the American Novel* Abby H. groups to receive rights and recognition Scholars analyze the many ways in which the decade s culture stigmatized women minorities and the poor They uncover work that illustrates how groups and individuals challenged or resisted that oppression fiction by authors who sometimes found roots in earlier liberation movements and anticipated later struggles BOOK JACKET
