**The End of the Self-help Book** Grant Fisher, 2012-01-24 Many books on the self-help shelf make promises. But very few deliver. This book makes no claim to being the last word on self-help. Rather, it represents the author's transition from a position of seeking answers from other people and the outside world to that of finding answers to the mysteries of life from within, from the mystical, immeasurable mind within us all. It is a journey of self-discovery with an open invitation to the reader who is encouraged to look for wisdom in the outside world of politics, religion, philosophy, literature, and business, but not to stop there. For the most important learning is self-knowledge. This is a journey that we travel alone, but not completely. The wisdom of the great philosophers, poets, and scientists of history and the present are beacons to guide us so long as we pay attention. We do not have the power over all the circumstances in our life. But we do have the power to change. This book makes just one promise: to leave you wanting to know more.

**Spirituality and Your Life Story** Bradley Hanson, 2014-04 Each of us has come to our current life stance through a journey of unique experiences, being born at this time, growing up in this particular social setting, and culture, experiencing these specific successes and losses, and having these significant relationships. Whether we are in the early, middle, or latter part of our personal faith story, the ending is still ahead of us, and reviewing our own faith story helps us chart our course into the future. Using psychologist Dan McAdams's idea that we make sense of life by composing our own life story, author Bradley Hanson explores how our personal identity and spirituality are

influenced by the meaning and values embedded in our childhood family life and major story lines promoted by our culture In our most basic quest to make sense of life he considers sharply contrasting answers to five fundamental questions With reflection and suggested group discussion questions at the end of each chapter this study explores the idea that spirituality and one's life story are intimately connected Praise for Spirituality and Your Life Story Real people tell their stories of success love friendship forgiveness and loss Brad Hanson helps us ponder our own deepest commitments and the paths we follow to realize them A fine book for individual reflection or group discussion H George Anderson former presiding bishop Evangelical Lutheran Church in America
