longer sweep under the rug This outstanding volume lays down a solid general conceptual foundation that permits us to link our theoretical past with the post modern era It also provides a clear context for the discussion of contrasting notions of monocultural literacy and the relationship of literacy and power The volume goes on to deal with the relationship of literacy and culture actually to specific cultures especially African American At this point the discourse turns to strategies for incorporating minority perspectives into the literacy curriculum and including the home cultures of disenfranchised peoples The last section of the book offers help on the practical issues of teacher education for student populations often ignored and linkages between schools and homes in order to empower the disenfranchised and isolated Sacred Words: Orality, Literacy and Religion André Lardinois, Josine Blok, M.G.M. van der Poel, 2011-06-22 Surveying the variety of ways in which written texts and oral discourse were involved in ancient religions the contributions to this volume show that oral and written forms were intricately connected in both Greek and Roman state and private religions **Playful Letters** Erika Mary Boeckeler, 2017-11 Alphabetic letters are ubiquitous multivalent and largely ignored Playful Letters reveals their important cultural contributions through Alphabetics a new interpretive model for understanding artistic production that attends to the signifying interplay of the graphemic phonemic lexical and material capacities of letters A key period for examining this interplay is the century and a half after the invention of printing with its unique media ecology of print manuscript sound and image Drawing on Shakespeare anthropomorphic typography figured letters and Cyrillic pedagogy and politics this book explores the ways in which alphabetic thinking and writing inform literature and the visual arts and it develops reading strategies for the letterature that underwrites such cultural production Playful Letters begins with early modern engagements with the alphabet and the human body an intersection where letterature emerges with startling force The linking of letters and typography with bodies produced a new kind of literacy In turn educational habits that shaped letter learning and writing permeated the interrelated practices of typography orthography and poetry These mutually informing processes render visible the persistent crumbling of words into letters and their reconstitution into narrative poetry and image In addition to providing a rich history of literary and artistic alphabetic interrogation in early modern Western Europe and Russia Playful Letters contributes to the continuous story of how people use new technologies and media to reflect on older forms including the alphabet itself *Teaching Writing With Latino/a Students* Cristina Kirklighter, Diana Cardenas, Susan Wolff Murphy, 2007-08-09 Engages the complexities of teaching Latino a students at Hispanic Serving Institutions *Resources in Education* , 2000-10 Books in Print , 1993-09 V 1 Authors A D v 2 Authors E K v 3 Authors L R v 4 S Z v 5 Titles A D v 6 Titles E K v 7 Titles L Q v 8 Titles R Z v 9 Out of print out of stock indefinitely v 10 Publishers
