The Posner Files Gerald Posner, 2018-10-02
Definitive accounts of JFK's and Martin Luther King's assassinations by a Pulitzer Prize finalist and New York Times bestselling author Case Closed A Pulitzer Prize finalist and New York Times bestseller Case Closed is a vivid and straightforward account that stands as one of the most authoritative books on the assassination of John F Kennedy Drawing from official sources and dozens of interviews filled with powerful historical detail and including an updated comment for the fiftieth anniversary Posner's utterly convincing book lays to rest all of the convoluted conspiracy theories concerning the mafia a second shooter and the CIA that have obscured what really happened in Dealey Plaza on November 22 1963 Chicago Tribune By far the most lucid and compelling account of what probably did happen in Dallas and what almost certainly did not The New York Times Book Review Killing the Dream On April 4 1968 Martin Luther King Jr was killed in Memphis Tennessee by a single assassin's bullet James Earl Ray was seen fleeing from a rooming house that overlooked the hotel balcony where King was shot An international manhunt ended two

months later with Ray's capture. Though Ray initially pled guilty he quickly recanted and for the rest of his life insisted he was an unwitting pawn in a grand conspiracy. In *Killing the Dream* expert investigative reporter Gerald Posner cuts through phony witnesses, false claims and a web of misinformation to put Ray's conspiracy theory to rest and disclose what really happened the day King was murdered. A superb book, a model of investigation, meticulous in its discovery and presentation of evidence, unbiased in its exploration of every claim. And it is a wonderfully readable book as gripping as a first class detective story. *The New York Times*

The Psyche Exposed Thomas Nehrer, 2011-09-16 *The Psyche Exposed* expands on *The Essence of Reality* looking farther and deeper into aspects of life. Four Angles Perspectives stem from Tom's standpoint of Clear Awareness, seeing life without distorting beliefs initiated by a mystic experience expanded through an extensive inner journey.

Angle One: How Life Works, piercing insights into Reality's flow, exposing distortions of awareness by standard beliefs and cultural fallacy.

Angle Two: Your Journey, extensive detailed illustration of large scale structures of the psyche showing how each individual projects personal creative power out to real and imagined forces and sources. Tom reveals explicitly how each individual creates patterns in life and how they must be changed by revising inner roots.

Angle Three: Your Path, three critical stumbling blocks on the journey toward Clear Awareness.

Angle Four: Past Teaching, in depth review of western thinking how we each learn to see the world and ourselves as we were taught. Powerful insights expose fallacy in religion, archaic elements to traditional notions of causality and blatant shortcomings in science. Tom reviews the evolution of western thinking by exploring contributions of great thinkers and visionaries over the ages, what they contributed and WHERE THEY WERE WRONG.

Evidence Based Dermatology Howard I. Maibach, 2011 Evidence based thinking in clinical medicine has impacted greatly on the physician's approach to clinical care. Evidence Based Dermatology introduces and encourages the concept of evidence based patient care in dermatology. Incorporating a text that is much more than merely the summary of trial data, the authors worked to explore disease mechanisms and treatments in greater depth and detail in order to provide more insight for the reader. In addition to promoting the understanding of the evidence based philosophy, the authors have focused on some of the fundamentals in dermatology that need to be approached differently. Issues such as the interpretation of clinical research, disease oriented evidence versus patient care evidence and the use of placebo are examined.

Esoteric Magic and the Cabala Phillip Cooper, 2002-11-15 A manual for developing inner guidance and concentration through meditations and rituals for the practice of high magic. The study of magic is divided into two distinct disciplines: practical and esoteric. Practical magic uses the power of the mind to attain physical results such as more money, a bigger house, better health. Esoteric magic, the subject of Phillip Cooper's new book, focuses on the quest for greater understanding and mental discipline. Its aims are the discovery of inner truths and the understanding of the workings of creation. In his typical no nonsense manner, Cooper conveys the principles of esoteric magic and offers a positive, realistic means of studying and understanding magic on a deeply personal level. Esoteric Magic and the Cabala helps readers train their minds, their emotions

and their imaginations to more fully understand reality Esoteric Magic and the Cabala is both positive and realistic It helps readers learn to use the Tree of Life as a means of classifying knowledge of observing an interrelated whole a method that provides the tools for endless self discovery It offers a complete workable plan of study that novices will find easy to understand and advanced practitioners will find refreshing and stimulating after the usual confusing and dogmatic magic texts
