in America Long considered the rightful successor to the mantles of Dashiell Hammett and Raymond Chandler Ross Macdonald and his Lew Archer novels were hailed by The New York Times as the finest series of detective novels ever written by an American Now in the first full length biography of this extraordinary and influential writer a much fuller picture emerges of a man to whom hiding things came as second nature While it was no secret that Ross Macdonald was the pseudonym of Kenneth Millar a Santa Barbara man married to another good mystery writer Margaret Millar his official biography was spare Drawing on unrestricted access to the Kenneth and Margaret Millar Archives on more than forty years of correspondence and on hundreds of interviews with those who knew Millar well author Tom Nolan has done a masterful job of filling in the blanks between the psychologically complex novels and the author s life both secret and overt Ross Macdonald came to crime writing honestly Born in northern California to Canadian parents Kenneth Millar grew up in Ontario virtually fatherless poor and with a mother whose mental stability was very much in question From the age of twelve young Millar was fighting stealing and breaking social and moral laws by his own admission he barely escaped being a criminal Years later Millar would come to see himself in his tales wrongdoers I don t have to be violent he said My books are How this troubled young man came to be one of the most brilliant graduate students in the history of the University of Michigan and how this writer who excelled in a genre all too often looked down upon by literary critics came to have a lifelong friendship with Eudora Welty are all examined in the pages of Tom Nolan s meticulous biography We come to a sympathetic understanding of the Millars long and sometimes rancorous marriage and of their life in Santa Barbara California with their only daughter Linda whose legal and emotional traumas lie at the very heart of the story But we also follow the trajectory of a literary career that began in the pages of Manhunt and ended with the great respect of such fellow writers as Marshall McLuhan Hugh Kenner Nelson Algren and Reynolds Price and the longtime distinguished publisher Alfred A Knopf As Ross Macdonald A Biography makes abundantly clear Ross Macdonald s greatest character above and beyond his famous Lew Archer was none other than his creator Kenneth Millar

Meanwhile There Are Letters Suzanne Marrs, Tom Nolan, 2015-07-14 2016 Edgar Award Finalist 2016 Anthony Award Finalist 2016 Macavity Award Finalist In 1970 Ross Macdonald wrote a letter to Eudora Welty beginning a thirteen year correspondence between fellow writers and kindred spirits Though separated by background geography genre and his marriage the two authors shared their lives in witty wry tender and at times profoundly romantic letters each drawing on the other for inspiration comfort and strength They brought their literary talents to bear on a wide range of topics discussing each others publications the process of translating life into fiction the nature of the writer s block each encountered books they were reading and friends and colleagues they cherished They also discussed the world around them the Vietnam War the Nixon Carter and Reagan presidencies and the environmental threats facing the nation The letters reveal the impact each had on the other s work and they show the personal support Welty provided when Alzheimer s destroyed Macdonald s ability to communicate and write

The editors of this collection who are the definitive biographers of these two literary figures have provided extensive commentary and an introduction They also include Welty's story fragment Henry which addresses Macdonald's disease With its mixture of correspondence and narrative Meanwhile There Are Letters provides a singular reading experience a prose portrait of two remarkable artists and one unforgettable relationship

The Archer Files Ross Macdonald, 2015-07-21 No matter what cases private eye Lew Archer takes on a burglary a runaway or a disappeared person the trail always leads to tangled family secrets and murder Widely considered the heir to Sam Spade and Philip Marlowe Archer dug up secrets and bodies in and around Los Angeles Here The Archer Files collects all the Lew Archer short stories ever published along with thirteen unpublished case notes and a fascinating biographical profile of Archer by Edgar Award finalist Tom Nolan Ross Macdonald's signature staccato prose is the real star throughout this collection which is both a perfect introduction for the newcomer and a must have for the Macdonald aficionado

The Detective and the Artist J.K. Van Dover, 2019-02-11 This book focuses on the distinctive role that artists have played in detective fiction as detectives as villains and victims and as bystanders With a few significant exceptions literary detectives have always identified themselves as essentially the deconstructors of the artful crimes of others They may use various methods ratiocinative scientific or hard boiled but they always unravel the threads that the villains have woven into deceptive covers for their crimes The detective does in the end produce a work of art a narrative that explains everything that needs explanation But the detective's moral work is often juxtaposed to the aesthetic work of the painters poets and writers that the detective encounters during an investigation The author surveys this juxtaposition in works by important authors from the early development of the genre Poe Conan Doyle the golden age Bentley Christie Sayers James et al and the hard boiled era Hammett Chandler Macdonald Spicer et al
