Selig Perlman's Lectures on Capitalism and Socialism Selig Perlman, 1976 **Progressive Intellectuals and the Dilemmas of Democratic Commitment** Leon Fink, 1997 The long standing dilemma for the progressive intellectual how to bridge the world of educated opinion and that of the working masses is the focus of Leon Fink's penetrating book the first social history of the progressive thinker caught in the middle of American political culture **In Search of the Working Class** Leon Fink, 1994 These nine essays by a prominent scholar in American labor history self consciously evoke the tensions between the worker as historical subject and the historian as outside observer Encompassing studies of labor culture strategy and movement building from the late nineteenth century to the present *In Search of the Working Class* also connects the trials of the early labor economists to the conceptual challenges facing today's academic practitioners Fink places American labor history in the broader context of American political historiography better than any other historian I can think of James R Barrett author of *Work and Community in the Jungle Chicago's Packinghouse Workers 1894-1922* **The History of Wisconsin, Volume V** Paul W. Glad, 2013-03-05 The fifth volume in *The History of Wisconsin* series covers the years from the outbreak of World War I to the eve of American entry into World War II In between the rise of the woman's movement the advent of universal suffrage and the great experiment of Prohibition are explored along with the contest between newly emergent labor unions and powerful business and industrial corporations Author Paul W Glad also investigates the Great Depression in Wisconsin and its impact on rural and urban families in the state Photographs and maps further illustrate this volume which tells the story of one of the most exciting and stressful eras in the history of the state

Wisconsin, Labor, Income, and Institutions Marianne Johnson, Warren J. Samuels, 2011-08-12 Publishes notes from Martin Bronfenbrenner's course in the Distribution of Income at the University of Wisconsin in 1954 This title is suitable for economists working in mid 20th century history of economic thought as well as those interested in the evolution of neoclassical theory and the nexus between economics and Cold War politics [October Song](#) Paul Le Blanc, 2017-11-14 A panoramic account of the Russian Revolution of 1917 and its aftermath animated by the lives ideas and experiences of workers peasants intellectuals artists and revolutionaries of diverse persuasions *October Song* vividly narrates the triumphs of those who struggled for a new society and created a revolutionary workers state Yet despite profoundly democratic and humanistic aspirations the revolution is eventually defeated by violence and authoritarianism *October Song* highlights both

positive and negative lessons of this historic struggle for human liberation **C Wright Mills An American Utopia** Irving Lewis Horowitz, 1985-04-01 A biography of legendary sociologist C Wright Mills author of *The Power Elite* and *White Collar* among other works by eminent sociologist Irving L Horowitz Charles Wright Mills 1916 1962 was a famed sociologist social commentator and critic Noted for his anti authoritarian flamboyant character and radical ideas he has been described as an American Utopian committed to social change angered by the oppression he saw around him and critical of what he saw as evidence of U S imperialism His legacy includes a series of classic books including *The Power Elite* *White Collar* and *The Sociological Imagination* and he has made a distinctive contribution to American sociological theory especially in the area of class power and social structure **Economics Broadly Considered** Jeff E. Biddle, John B Davis, Steven G

Medema, 2001-03-29 Warren J Samuels has been a prominent figure in the study of economics in the twentieth century This book brings together essays by leading scholars in the areas of economics in which Samuels has made his most important contributions the history of economic thought economic methodology and institutional and post Keynesian economics This work *The Russian Revolution and Civil War 1917-1921* Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature *The Russian Revolution and Civil War 1917 1921* offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state

Revolutionary Collective Paul Le Blanc, 2022-04-05 This book surveys revolutionary socialist ideas and engages a gallery of contentious political thinkers offering an indispensable assessment of the place of revolutionary collectives in this radical tradition Beginning with a broad and informative survey of scholarship on V I Lenin and Leninism Le Blanc goes on to explore the multifaceted collective qualities of the Russian Bolshevik organization He then turns his attention to several of its central figures as well as a rich variety of activist intellectuals who in one way or another continued to engage with Lenin s perspectives after his death including Leon Trotsky Alexander Bogdanov Georg Luk cs Antonio Gramsci Rosa Luxemburg Karl Korsch and Daniel Bensa d The volume concludes by considering related questions which have more recently posed problems within left wing organizations gesturing toward the dynamics and needs of future struggles *We've Been Here All Along* R. Richard Wagner, 2019-05-30 The first of two groundbreaking volumes on gay history in Wisconsin *We've Been Here All Along* provides an illuminating and nuanced picture of Wisconsin s gay history from the reporting on the Oscar Wilde trials of 1895 to the landmark Stonewall Riots of 1969 Throughout these decades gay Wisconsinites developed

identities created support networks and found ways to thrive in their communities despite various forms of suppression from the anti vice crusades of the early twentieth century to the post war labeling of homosexuality as an illness to the Lavender Scare of the 1950s In *We've Been Here All Along* R Richard Wagner draws on historical research and materials from his own extensive archive to uncover previously hidden stories of gay Wisconsinites This book honors their legacy and confirms that they have been foundational to the development and evolution of the state since its earliest days *Catalog of Copyright Entries.
