Identity, Ignorance, Innovation Matthew d'Ancona, 2021-03-18 D Ancona makes his case well The book is well written and thoughtful The Times A heartfelt attempt to renew liberal ideals for the coming decades How sorely our public debate needs others to express themselves similarly Henry Mance Financial Times An urgent and exhilarating account of how populism prejudice polarisation have corrupted objective truth and public discourse D Ancona s sparkling prose provides an explanation of how we got here and crucially how we might get out James O'Brien A book so rich in thought wisdom and persuasion I find myself sharing the ideas within it with everyone I meet In the much mourned absence of Christopher Hitchens d Ancona is fast becoming the voice of enlightenment for our bewildered age Emily Maitlis A tonic for our times that blows open any complacency following Trump s defeat that the demise of populism and nativism is inevitable In beautifully written prose D Ancona puts forward hopeful ideas and timely inspiration for a progressive politics to replace it David Lammy A brilliant lucid fearless tract just what the historical moment ordered Andrew O'Hagan D Ancona s regular practical suggestions help to take it beyond mere theory and into the real world Decision makers would do well to read it Charlotte Henry TLS This is a call to arms The old tools of political analysis are obsolete they have rusted and are no longer fit for purpose We've grown lazy wedded to the assumption that after ruptures such as Brexit the pandemic and the rise of the populist Right things will eventually go back to normal Award winning political writer Matthew d'Ancona invites you to think afresh to seek new ways of challenging political extremism bombastic populism and democratic torpor on both Left and Right In this ground breaking book he proposes a new way of understanding our era and plots a way forward With rigorous analysis he argues that we need to understand the world in a new way with a framework built from the three I s Identity Ignorance and Innovation
