Treacherous Passage Bill Mills, 2016-11 While the Great War raged across the trench lined battlefields of Europe a hidden conflict took place in the distant hinterlands of the turbulent Mexican Republic German officials and secret service operatives plotted to bring war to the United States through an array of schemes and strategies from training a German Mexican army for a cross border invasion to dispatching saboteurs to disrupt American industry and planning for submarine bases on the western coast of Mexico Bill Mills tells the true story of the most audacious of these operations the German plot to launch clandestine sea raiders from the Mexican port of Mazatlán to disrupt Allied merchant shipping in the Pacific The scheme led to a desperate struggle between German and American secret agents in Mexico German consul Fritz Unger the director of a powerful trading house plotted to obtain a salvaged Mexican gunboat to supply U boats operating off Mexico and to seize a hapless tramp schooner to help hunt Allied merchantmen Unger's efforts were opposed by a colorful array of individuals including a trusted member of the German secret service in Mexico who was also the top American spy the U S State Department's senior officer in Mazatlán the hard charging commander of a navy gunboat and a draft dodging American informant in the enemy camp Full of drama and intrigue *Treacherous Passage* is the first complete account of the daring German attempts to raid Allied shipping from Mexico in 1918

Mexico in Its Novel John S. Brushwood, 2014-06-23 *Mexico in Its Novel* is a perceptive examination of the Mexican reality as revealed through the nation's novel The author presents the Mexican novel as a cultural phenomenon a manifestation of the impact of history upon the nation an attempt by a people to come to grips with and understand what has happened and is happening to them Written in a clear and graceful style this study examines the life of the novel as a genre against the background of Mexican chronology It begins with a survey of the mid twentieth century novel the Mexican novel which came of age in the period following the 1947 publication of Agustín Yez's *The Edge of the Storm* During this time the novel resolved some of its most complicated problems and as a result offered a wider and deeper view of reality Having established this circumstance John Brushwood goes back in time to the Conquest and then moves forward to the twentieth century novel Passing from the

Colonial Period into the nineteenth century the author recognizes the relationship between Romanticism and the desire for logical social behavior and then views this relationship in the perspective of the Reform an attempt to bring order out of chaos The novel under the Diaz dictatorship is seen in three different phases and the last Diaz chapter actually moves into the Revolution itself The novel during the years of fighting is considered along with the first post Revolutionary fiction From that point the developing conflict within Mexican reality itself a conflict between introversion and extroversion nationalism and cosmopolitanism reaches out to seek its solution in the novels of the first chapter

Representations of China in Latin American Literature (1987-2016) Maria Montt Strabucchi, 2023-11-15 An Open Access edition of this book is available on the Liverpool University Press website and the OAPEN library as part of the Opening the Future project with COPIM Representations of China in Latin American Literature 1987 2016 analyses contemporary Latin American novels in which China is the main theme Using China as a multidimensional term it explores how the novels both highlight and undermine assumptions about China that have shaped Latin America's understanding of China and shows China to be a kind of literary imaginary third term which reframes Latin American discourses of alterity On one level it argues that these texts play with the way that China stands in as a wandering signifier and as a metonym for Asia a gesture that essentialises it as an unchanging other On another level it argues that the novels employment of China resists essentialist constructions of identity China is thus shown to be serving as a concept which allows for criticism of the construction of fetishized otherness and of the exclusion inherent in essentialist discourses of identity The book presents and analyses the depiction of an imaginary of China which is arguably performative but which discloses the tropes and themes which may be both established and subverted in the novels Chapter One examines the way in which China is represented and constructed in Latin American novels where this country is a setting for their stories The novels studied in Chapter Two are linked to the presence of Chinese communities in Latin America The final chapter examines novels whose main theme is travel to contemporary China Ultimately in the novels studied in this book China serves as a concept through which essentialist notions of identity are critiqued

years of in depth multi sited ethnographic fieldwork along human smuggling routes from Central America across Mexico and into the United States In so doing she shows the value of disciplinary and methodological border crossing between international relations and anthropology to understand the relationships between human security international borders and clandestine transnationalism Border Fictions Claudia Sadowski-Smith,2008 Border Fictions offers the first comparative analysis of multiethnic and transnational cultural representations about the United States borders with Mexico and Canada Blending textual analysis with theories of globalization and empire Claudia Sadowski Smith forges a new model of inter American studies Border Fictions places into dialogue a variety of hemispheric perspectives from Chicana o Asian American American Indian Latin American and Canadian studies Each chapter examines fiction that ranges widely from celebrated authors such as Carlos Fuentes Leslie Marmon Silko and Alberto R os to writers whose contributions to border literature have not yet been fully appreciated including Karen Tei Yamashita Thomas King Janette Turner Hospital and emerging Chicana o writers of the U S Mexico border Proposing a diverse and geographically expansive view of border and inter American studies Border Fictions links the work of these and numerous other authors to civil rights movements environmental justice activism struggles for land and border crossing rights as well as to anti imperialist forms of nationalism in the United States neighboring countries The book forces us to take into account the ways in which shifts in the nature of global relations affect literary production especially in its hemispheric manifestations
