Mormonism Exposed G. B. Hancock,2015-07-14 Excerpt from Mormonism Exposed Joseph Smith an Imposter and the Book of Mormon a Fraud It is truly said custom governs practice fashion rules the day This is almost invariably true It is so common for those who write books to open their pages with a preface that the author s work would be considered very incomplete should he fail to write one also The preface is intended as a rule to give the reasons for the book s appearance and an introduction to the line of thought contained in the book We had no idea of writing a book in order to expose Mormonism till after the debate we held with them at Fayette City Pa We had been challenged for such debate many times but never could succeed in getting them to discuss such propositions as we were willing to debate For years we had been satisfied that those who had debated with Mormons had given them unnecessary advantage in the way of propositions They invariably sought propositions that gave them opportunity to play upon side issues and give simply a rehash of matter that they had delivered in lectures and preached in sermons till they had it by heart We determined that they should not have this opportunity in the Fayette City debate Besides we felt that if they were taken from their stereotyped course of presenting their doctrines they would be utterly at a loss and manifest clearly their inability to sustain their system Our conjecture proved to be true The proposition as we affirmed was Joseph Smith the reputed prophet and the author of the Book of Mormon was as imposter and the Book of Mormon is a fraud It took some time to get them to agree to discuss the difference as stated in our affirmative They wanted to divide the burden of proof About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Mormonism Exposed, in its swindling and licentious abominations, refuted in its principles and in the claims of its head ... Joseph Smith, etc* John BOWES (of Cheltenham.),1854 Joseph Smith and the Beginnings of Mormonism Richard L. Bushman,1987-01-15 The core of Mormon belief was a conviction about actual events The test of faith was not adherence to a certain confession of faith but belief that Christ was resurrected that Joseph Smith saw God that the Book of Mormon was true history and not philosophy and that Peter James and John restored the apostleships Mormonism Exposed Elder G.
