A History of Finland's Literature George C. Schoolfield, 1998-01-01 The literature of Finland is bilingual with lively and extensive traditions in both Finnish and Swedish This history covers both literary traditions in detail The volume's first section on Finnish language literature consists of a series of connected chapters by leading authorities within the field It opens with a consideration of the folk literature in Finnish that flourished during the Middle Ages and then examines the more recent history of Finnish language literature with special emphasis placed on writings from the nineteenth and twentieth centuries The second part of the book provides an examination of Finland's Swedish language literature from the late fifteenth century through the early nineteenth century Subsequent chapters trace developments in Finland's Swedish language literature during the nineteenth and twentieth centuries A survey of children's literature from both the Finnish and Swedish language traditions concludes this exceptionally thorough volume Subject Catalog Library of Congress, 1980
