Peter First Mntc:

Peter Between Jerusalem and Antioch Jack J. Gibson, 2013 Why did Peter cease eating with the Gentile Christians at Antioch Gal 2 11 14 after defending his decision to eat with Cornelius before the entire Jerusalem church Acts 11 1 18 Beginning with a character study of Peter throughout the Gospels and Acts Jack Gibson demonstrates that Peter is consistently portrayed as being a faithful disciple whose pre Pentecost impetuosity is due to a lack of understanding of the message of Jesus and his post Pentecost boldness is due to his newly revealed understanding of this message The historical background to the Antioch incident is considered with special consideration given to the Jewish response to Roman rule Peter's relationship with James and Paul is analyzed culminating in an evaluation of Peter's motivations for ceasing to eat with the Gentiles

Persecution in 1 Peter Travis B. Williams, 2012-11-01 In *Persecution in 1 Peter* Travis B Williams offers a comprehensive and detailed socio historical investigation into the nature of persecution in 1 Peter situating the epistle against the backdrop of conflict management in first century CE Asia Minor

Abingdon New Testament Commentaries: 1 Peter Dr. M. Eugene Boring, 2011-09-01 Identifying the theme of 1 Peter as how the church is to witness responsibly in a non Christian world Boring emphasizes the necessity of a sympathetic historical understanding of those parts of the letter that collide with modern cultural values and understandings of what Christian commitment and theology require He gives special attention as well to the narrative world within which this ancient writer operated and to the strong affirmation of ecumenism implicit in the letter's amalgamation of traditions stemming from Peter and Paul respectively Through the years Professor Boring has shown himself to be a master of technical exegesis and theology wedded to great pastoral concern These twin talents are fittingly brought to bear on a New Testament document that shows the same union of rich theology and pastoral care Indeed the sober centrist yet moving commentary squares perfectly with the sober centrist yet moving document that is 1 Peter If this commentary is a popularization then it is a popularization of very high caliber a tremendous amount of research and insight is made available and intelligible to a wide public This commentary is not just a rehash of what everyone else has said on 1 Peter The innovative appendix detailing the narrative world of 1 Peter is alone worth the price of admission All in all an excellent contribution to present day literature on an often neglected book of the New Testament John P Meier The Catholic University of America Washington D C

Howard Marshall, 2008-12-01 This is a very controversial subject which disturbs many people If you do get

disturbed it will be because of the emotion usually surrounding the subject of eternal security If you get upset it will NOT be caused by the manner in which Dr Marshall has presented the subject It is the contention of the author that there is biblical truth in both the Calvinistic and the Arminian position concerning this volatile subject and that each camp should candidly recognize the value of the other's positions John Wesley once wrote The truth of the Gospel is within a hairsbreadth of Calvinism Quite a concession for the chief spokesman of Arminianism Dr I Howard Marshall echoes the contention of Wesley and then goes even beyond it The full Arminian position is as much open to error as is extreme Calvinism My aim is to reach beyond the Calvinist Arminian controversy to a position which is biblical New Testament Theology and Ethics Ben

Witherington III, 2016-03-08 In the first volume of his two volume comprehensive overview of the theological and ethical thought world of the New Testament Ben Witherington III focuses on expositional samplings of the theology and ethics of New Testament writers in context and closely examines the interrelations between New Testament theology and ethics

The Imitation of Paul Willis P. DeBoer, 2016-03-23 All of Christendom has heard of the imitation of Christ Few within Christendom have heard much of the imitation of Paul Perhaps there is nothing extraordinary about such a state of affairs After all Christ fills a far more significant role in Christianity than the Apostle Paul does And yet when one looks at the matter purely statistically it is striking to find that the thought of the imitation of Paul comes to literal expression in the New Testament five times while the thought of the imitation of Christ is found literally expressed only twice From the Introduction

Theology and Practice in Early Christianity Troy W. Martin, 2020-08-12 Early Christianity did not originate in a vacuum but in a world of linguistic social religious and cultural richness and diversity The twenty two seminal essays in this volume some previously published some newly written represent almost three decades of research by Troy W Martin to understand how early Christianity developed in the ancient world The broad ranging investigations in these essays give attention not only to the linguistic and rhetorical features of early Christian texts but also to the social philosophical physiological and medical contexts in which these texts were written The essays provide new understandings of early Christian conceptions of salvation and of the virtues of faith hope and love that characterized early Christian communities They include new medical and physiological explanations of early Christian sacraments pneumatology and eschatology and furthermore investigate early Christian communal life and practice including the veiling of women male female relationships and time keeping The essays include reception histories that describe their influence on subsequent research and place them within the context of contemporary research and scholarship Those familiar with the well trodden ground of New Testament studies will find in these essays new insights and previously unexplored comparative material for understanding early Christianity and the world in which it originated **1 Peter** Paul J. Achtemeier, 1996 One of the general or catholic epistles near the end of the New Testament this letter traditionally attributed to the apostle Peter contains important ideas and reveals a fascinating relationship to the surrounding literary world The book shows what problems Christians faced at the

time the epistle was written and how the author addressed them The commentary discusses the Greek original with translation verse by verse **The New Chosen People, Revised and Expanded Edition** William W. Klein, 2015-11-25 Controversy rages on about God's choosing people for salvation Are only the few elect Rather than typically beginning with the preconceptions of systematic theologies Dr William Klein takes up this question by searching for a biblical theology of election He surveys the OT contexts of God's choosing individuals prophets priests kings to serve divine purposes and considers God's election of the nation of Israel as his special people This OT study proposes that God's election is both individual and corporate but not always determinative Individuals entered the people of God by birth but not all the people found salvation Faith in Yahweh was required This book traces these elective understandings through the intertestamental literature identifying continuities and shifts The bulk of the study and the heart of the argument focus on the New Testament Klein identifies concepts of election and relationships between writers in the gospels the Lucan material Paul's writings and the rest The new covenant God choosing the church in Christ emphasizes election as corporate while the individual election of Jesus disciples and of Paul raises the question whether such chosenness is necessarily salvific In closing Klein discusses the most engaging and divisive questions around God's election and offers a real challenge to today's church *Letters and Homilies for Hellenized Christians, Volume 2* Ben Witherington III, Ben Witherington, 2006 This is a set of three volumes extending Ben Witherington's innovative socio rhetorical analysis of New Testament books to the latter Pauline and non Pauline corpora A second volume will continue the focus on letters and homilies for Hellenized Christians 1 2 Peter while a third will focus on letters and homilies for Jewish Christians Hebrews James and Jude By dividing the volumes according to the socio religious contexts for which they were written Witherington sheds fresh light on the documents their provenance character and importance Throughout Witherington shows his thorough knowledge of recent literature on these texts and focuses his attention on the unique insights brought about through socio rhetorical analysis that either reinforces or corrects those gleaned from other approaches Strikingly based on his rhetorical analysis of the Pastorals he makes the case for Luke as Paul's amanuensis for these letters He also makes a strenuous argument against New Testament pseudepigrapha Bridging the Horizons sections point to the relevance of the text for believers today making this volume of special value to pastors and general readers as well as students and scholars Paul, Women, and Wives Craig S. Keener, 1992-06-01 Paul's letters stand at the center of the dispute over women the church and the home with each side championing passages from the Apostle Now in a challenging new attempt to wrestle with these thorny texts Craig Keener delves as deeply into the world of Paul and the apostles as anyone thus far Acknowledging that we must take the biblical text seriously and recognizing that Paul's letters arose in a specific time and place for a specific purpose Keener mines the historical lexical cultural and exegetical details behind Paul's words about women in the home and ministry to give us one of the most insightful expositions of the key Pauline passages in years *Imitating Paul* Elizabeth Anne Castelli, 1991-01-01 What does it mean to

imitate another person What relationships are possible and necessary or unthinkable because of exhortation advising people to imitate Paul What are the effects of giving special status to likeness Questions such as these are posed in this thought provoking book that addresses the notion of mimesis imitation and how it functions in Paul's letters as a strategy of power The Literary Currents in Biblical Interpretation series explores current trends within the discipline of biblical interpretation by dealing with the literary qualities of the Bible the play of its language the coherence of its final form and the relationships between text and readers Biblical interpreters are being challenged to take responsibility for the theological social and ethical implications of their readings This series encourages original readings that breach the confines of traditional biblical criticism

Not by Paul Alone David R. Nienhuis, 2007 Not by Paul Alone explores the historical reasons for the creation of the book of James and the implications for the creation of the Christian canon Nienhuis makes a compelling case that James was written in the mid second century and is like 2 Peter an attempt to provide a distinctive shape to the emerging New Testament This book bolsters the claim that the Catholic Epistles not only have a distinct witness individually but that collectively they are also a considered theological agenda within the Christian church

Acts: An Exegetical Commentary : Volume 3 Craig S. Keener, 2014-09-30 Highly respected New Testament scholar Craig Keener is known for his meticulous and comprehensive research This commentary on Acts his magnum opus may be the largest and most thoroughly documented Acts commentary available Useful not only for the study of Acts but also early Christianity this work sets Acts in its first century context In this volume the third of four Keener continues his detailed exegesis of Acts utilizing an unparalleled range of ancient sources and offering a wealth of fresh insights This magisterial commentary will be an invaluable resource for New Testament professors and students pastors Acts scholars and libraries

Sacra Pagina: James Patrick J. Hartin, 2023-06-13 In his commentary on the letter of James Hartin offers a unique approach toward understanding a much neglected writing Refusing to read the letter of James through the lens of Paul Hartin approaches the letter in its own right He takes seriously the address to the twelve tribes in the Dispersion 1:1 as directed to Jews who had embraced the message of Jesus and were living outside their homeland Israel At the same time Hartin shows how this letter remains true to Jesus heritage Using recent studies on rhetorical culture Hartin illustrates how James takes Jesus sayings and performs them again in his own way to speak to the hearers readers of his own world Hartin examines the text passage by passage while providing essential notes and an extensive explanation of the theological meaning of each passage The value of this commentary lies in its breadth of scholarship and its empathic approach to this writing The reader will discover new and refreshing insights into the world of early Christianity as well as a teaching that is of perennial significance
