**Claim of Innocence** Laura Caldwell, 2011-09-01 Forbidden relationships are the most tempting And the most dangerous It was a crime of passion or so the police say Valerie Solara has been charged with poisoning her best friend The prosecution claims she s always been secretly attracted to Amanda s husband and with Amanda gone she planned to make her move Attorney Izzy McNeil left the legal world a year ago but a friend s request pulls her into the murder trial Izzy knows how passion can turn your life upside down She thought she had it once with her ex fianc Sam Now she wonders if that s all she has in common with her criminally gorgeous younger boyfriend Theo It s Izzy s job to present the facts that will exonerate her client whether or not she s innocent But when she suspects Valerie is hiding something she begins investigating and uncovers a web of secret passions and dark motives where seemingly innocent relationships can prove poisonous The Living Church Annual and Clergy-list Quarterly ,1886 *Names and Substance in the Australian Subsection System* Carl Georg Brandenstein, 1982-11 Structural analysis of subsection system as opposition between six basic physical or temperamental qualities constructs from this classification an Aboriginal World Order material drawn from many areas with an emphasis on north west Australia includes tribal index to contents Red, White and Dead Judi Ann Mason, 197?

*Gogol's Artistry* Andrei Bely, 2009-07-05 When one great author engages another as Andrei Bely so brilliantly does in Gogol s Artistry the result is inevitably a telling portrait of both writers So it is in Gogol s Artistry Translated into English for the first time this idiosyncratic exhaustive critical study is as interesting for what it tells us about Bely s thought and method as it is for its insights into the oeuvre of his literary predecessor Bely s argument in this book is that Gogol s earlier writing should be given more consideration than most critics have granted Employing what might be called a scientific perspective Bely considers how often certain colors appear he diagrams sentences and discusses Gogol s prose in terms of mathematical equations The result as strange and engaging as Bely s best fiction is also an innovative thorough and remarkably revealing work of criticism *Manistee River* ,1983 Teachers Magazine ,1913 *Transactions and Proceedings and Report of the Philosophical Society of Adelaide, South Australia* Royal Society of South Australia, 1882 *Journal of Agricultural Research* United States. *Anti-Black Racism in Early Modern English Drama* Matthieu Chapman, 2016-11-03 This is the first book to deploy the methods and ensemble of questions from Afro pessimism to engage and interrogate the methods of Early Modern English studies Using contemporary Afro pessimist theories to provide a foundation for structural analyses of race in the Early Modern Period it engages the arguments for race as a fluid construction of human identity by addressing how race in Early Modern England functioned not only as a marker of human identity but also as an a priori constituent of human subjectivity Chapman argues that Blackness is the marker of social death that allows for constructions of human identity to become transmutable based on the impossibility of recognition and incorporation for Blackness into humanity Using dramatic texts such as Othello Titus Andronicus and other Early Modern English plays both popular and lesser known the book shifts the binary away from the currently accepted standard of white non white that defines otherness in the period and examines race in Early Modern England from the prospective of a non black black antagonism The volume corrects the Afro pessimist assumption that the Triangle Slave Trade caused a rupture between Blackness and humanity By locating notions of Black inhumanity in England prior to chattel slavery the book positions the Triangle Trade as a result of rather than the cause of Black inhumanity It also challenges the common scholarly assumption that all varying types of human identity in Early Modern England were equally fluid by arguing that Blackness functioned as an immutable constant Through the use of structural analysis this volume works to simplify and demystify notions of race in Renaissance England by arguing that race is not only a marker of human identity but a structural antagonism between those engaged in human civil society opposed to those who are socially dead It will be an essential volume for those with interest in Renaissance Literature and Culture Shakespeare Contemporary Performance Theory Black Studies and Ethnic Studies High Street Tetman Callis, 2012-03-21
