Development Challenges in Bhutan Johannes Dragsbaek Schmidt, 2017-03-21 This book provides essential insights into Bhutan's developmental challenges. It analyzes and scrutinizes the sovereign state's developmental approach including the idea of Gross National Happiness (GNH) which has replaced Gross National Product (GNP) as a measurement of prosperity. The authors also explore and deconstruct ideational and cultural aspects of knowledge production and present a critical overall assessment of the political economy of education, policy, health, ICT and migration in Bhutan. The book is divided into five parts, all taking a critical approach towards inequality. Part one offers an assessment of Bhutan's developmental trajectories, part two deals with GNH, equality and inclusion versus exclusion, part three is devoted to culture, legal issues and the politics of change, and part four to governance and integration. Section five addresses health, food and disparities. This book will appeal to all scholars of South Asian affairs and development studies as well as to diplomats and professionals involved in development aid.

The Life of the Sixteenth Karmapa Rangjung Rigpe Dorje Meng Wang, 2022-11-08 The Sixteenth Karmapa Rangjung Rigpe Dorje was the first Tibetan Buddhist leader to make extensive teaching tours to the West. His three tours to Europe and North America from 1974 to 1980 led to the global expansion of Tibetan Buddhist schools. This book presents the most in-depth analysis of the Karmapa's contribution to the preservation and transmission of Tibetan Buddhism in exile. It is the first study to combine Tibetan life writing and biographical materials in English with a thorough examination of the transformation of Tibetan Buddhism in the modern era of globalization. Drawing on a wide range of data from written accounts, collections of photographs, recordings of interviews and documentaries, the author discusses the life and activity of the Karmapa through the lens of cross-cultural interaction between Buddhism and the West, with a particular focus on Asian agency. The study shows that the Karmapa's transmission strategies emphasized continuity with tradition with some openness for adaptation. His traditionalist approach and his success on the global scale challenge the popular assumption that the transmission of Buddhism is primarily a matter of Westernization, which in turn calls for a broader view that recognizes its complex and dynamic nature.

Buddhist and Islamic Orders in Southern Asia R. Michael Feener, Anne M. Blackburn, 2018-11-30 Over the last few

decades historians and other scholars have succeeded in identifying diverse patterns of connection linking religious communities across Asia and beyond Yet despite the fruits of this specialist research scholars in the subfields of Islamic and Buddhist studies have rarely engaged with each other to share investigative approaches and methods of interpretation This volume was conceived to open up new spaces of creative interaction between scholars in both fields that will increase our understanding of the circulation and localization of religious texts institutional models ritual practices and literary specialists The book s approach is to scrutinize one major dimension of the history of religion in Southern Asia religious orders Orders here referring to Sufi ar qas and Buddhist monastic and other ritual lineages established means by which far flung local communities could come to be recognized and engaged as part of a broader world of co religionists while presenting their particular religious traditions and their human representatives as attractive and authoritative to potential new communities of devotees Contributors to the volume direct their attention toward analogous developments mutually illuminating for both fields of study Some explain how certain orders took shape in Southern Asia over the course of the nineteenth century contextualizing these institutional developments in relation to local and transregional political formations shifting literary and ritual preferences and trade connections Others show how the circulation of people ideas texts objects and practices across Southern Asia a region in which both Buddhism and Islam have a long and substantial presence brought diverse currents of internal reform and notions of ritual and lineage purity to the region All chapters draw readers attention to the fact that networked persons were not always strongly institutionalized and often moved through Southern Asia and developed local bases without the oversight of complex corporate organizations Buddhist and Islamic Orders in Southern Asia brings cutting edge research to bear on conversations about how orders have functioned within these two traditions to expand and sustain transregional religious networks It will help to develop a better understanding of the complex roles played by religious networks in the history of Southern Asia [The city guide for Phuentsholing \(Bhutan\)](#) YouGuide Ltd,

[The History of Bhutan](#) Karma Phuntsho,2014-08-15 In 2008 Bhutan triumphantly took the stage as the world s youngest democracy But despite its growing prominence and rising scholarly interest in the country Bhutan remains one of the least studied and least well known places on the planet Karma Phuntsho s The History of Bhutan is the first book to offer a comprehensive history of Bhutan in English Along with a detailed social and political analysis it offers substantive discussions of Bhutan s geography and culture the result is the clearest richest account of this nation and its history ever published for general readers A 2015 Choice Magazine Outstanding Academic Title Award Winner **Bhutan Travelog** Joni Herison,Ashley Chen,2022-11-18 Updated November 2022 with the latest tourism policy by the Department of Tourism Bhutan Until recently Bhutan has been relatively unknown In many minds it is a mystical secluded place Bhutan is gaining popularity as a travel destination owing to the credits of international media features and Bhutan s skilful management of the COVID 19 pandemic Over the past fifty years Bhutan has gradually emerged from centuries long self isolation to meet

modernisation demands It has been careful with its choices and decisions on the road of development and progression While Bhutan has opened its doors to the world a High value Low volume tourism policy still guides the country to ensure that its unique culture identity and natural environment will continue to be protected from external influence Bhutan Travelog aims to provide readers with insights into the country s history values customs as well as travel tips and recommendations This book also includes 9 exclusive first hand stories from diverse travellers who have been to Bhutan to provide a glimpse into this idyllic country Get more information from the official website www.BhutanTravelog.com *Bhutan, 100 Years of Wangchuck Vision* Shubhi Sood,2008 **The Holy Land Reborn** Toni Huber,2008-09-15 The Dalai Lama has said that Tibetans consider themselves the child of Indian civilization and that India is the holy land from whose sources the Tibetans have built their own civilization What explains this powerful allegiance to India In *The Holy Land Reborn* Toni Huber investigates how Tibetans have maintained a ritual relationship to India particularly by way of pilgrimage and what it means for them to consider India as their holy land Focusing on the Tibetan creation and recreation of India as a destination a landscape and a kind of other in both real and idealized terms Huber explores how Tibetans have used the idea of India as a religious territory and a sacred geography in the development of their own religion and society In a timely closing chapter Huber also takes up the meaning of India for the Tibetans who live in exile in their Buddhist holy land A major contribution to the study of Buddhism *The Holy Land Reborn* describes changes in Tibetan constructs of India over the centuries ultimately challenging largely static views of the sacred geography of Buddhism in India **The Elephant Has Two Sets of Teeth** Alice Neikirk,2023-12-01 This ethnography follows Bhutanese refugees who fled Bhutan resided in camps in Nepal and finally settled in the vastly different culture of Australia Along the way they learn the ways that humanitarian compassion is used to oppress contain and erode human rights They also learn however that this charitable framework has small cracks that allow for action The Bhutanese find ways to move between the contradictory expectations of refugee ness as they strive to become citizens Their experiences illustrate the complex strands of power that intertwine to limit the scope of people who deserve compassion Neikirk also describes how responses to refugee crises have shifted from facilitating the movement of people to enforcing their containment Readers in refugee studies anthropology and development studies will be interested in this rich transnational study *Tibetan Ritual* Jose Ignacio Cabezon,2009-12-08 Ritual is one of the most pervasive religious phenomena in the Tibetan cultural world Despite its ubiquity and importance to Tibetan cultural life however only in recent years has Tibetan ritual been given the attention it deserves This is the first scholarly collection to focus on this important subject Unique in its historical geographical and disciplinary breadth this book brings together eleven essays by an international cast of scholars working on ritual texts institutions and practices in the greater Tibetan cultural world Tibet Nepal Bhutan and Mongolia While most of the chapters focus on Buddhism two deal with ritual in Tibet s indigenous Bon religion All of the essays are original to this volume An extensive introduction by the editor provides a broad overview of

Tibetan ritual and contextualizes the chapters within the field of Buddhist and Tibetan studies The book should find use in advanced undergraduate courses and graduate seminars on Tibetan religion It will also be of interest to students and scholars of ritual generally
