*Moulding the Female Body in Victorian Fairy Tales and Sensation Novels* Laurence Talairach-Vielmas, 2016-04-15

Laurence Talairach Vielmas explores Victorian representations of femininity in narratives that depart from mainstream realism from fairy tales by George MacDonald Lewis Carroll Christina Rossetti Juliana Horatia Ewing and Jean Ingelow to sensation novels by Wilkie Collins Mary Elizabeth Braddon Rhoda Broughton and Charles Dickens Feminine representation Talairach Vielmas argues is actually presented in a hyper realistic way in such anti realistic genres as children s literature and sensation fiction In fact it is precisely the clash between fantasy and reality that enables the narratives to interrogate the real and re create a new type of realism that exposes the normative constraints imposed to contain the female body In her exploration of the female body and its representations Talairach Vielmas examines how Victorian fantasies and sensation novels deconstruct and reconstruct femininity she focuses in particular on the links between the female characters and consumerism and shows how these serve to illuminate the tensions underlying the representation of the Victorian ideal

**Task-based Language Learning and Teaching** Rod Ellis, 2003-04-03 This book explores

the relationship between research teaching and tasks and seeks to clarify the issues raised by recent work in this field The book shows how research and task based teaching can mutually inform each other and illuminate the areas of task based course design methodology and assessment The author brings an accessible style and broad scope to an area of contemporary importance to both SLA and language pedagogy

**Nonverbal Delivery in Speaking Assessment** Mingwei

Pan, 2015-11-27 With an argument for embedding nonverbal delivery in speaking assessment as a point of departure this book seeks to validate a proposed rating scale for incorporating nonverbal delivery and other conventional dimensions into speaking assessment with a mixed methods approach To illustrate the indispensable role of nonverbal delivery in speaking assessment the book particularly includes snapshots of test takers de facto nonverbal delivery which allow their respective levels to be investigated in a microscopic manner

*Multiple Voices in the Translation Classroom* Maria González

Davies, 2004-07-15 The main aim of this book is to provide teaching ideas that can be adapted to different learning environments and that can be used with different language combinations The pedagogical approach and the activities tasks and projects are based on Communicative Humanistic and Socioconstructivist principles the students are actively involved in their learning process by making decisions and interacting with each other in a classroom setting that is a discussion forum and hands on workshop Clear aims are specified for the activities which move from the most rudimentary level of the word to the more complicated issues of syntax and finally to those of cultural difference Moreover they attempt to synthesize various translation theories not only those based on linguistics but those derived from cultural studies as well This volume will be of interest to translation teachers to foreign language teachers who wish to include translation in their classes to graduates and professional translators interested in becoming teachers and also to administrators exploring the possibility of starting a new

translation programme      Validation in Language Testing Alister H. Cumming, Richard Berwick, 1996 The validation of language tests is widely discussed and expected but only in recent years have researchers adopted a variety of innovative techniques for developing assessing and validating specific tests of second or foreign language proficiency and their impact on education and society Indeed as the present volume clearly demonstrates many different techniques for empirical analysis and types of evidence may be used to assess and interpret the validity of diverse aspects of language tests as well as the consequences they may have for language students educators and society BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved      A Cognitive Approach to Language Learning Peter Skehan, 1998 This book is intended for teachers and students of applied linguistics      **The Handbook of the Study of Play** James E. Johnson, Scott G. Eberle, Thomas S. Henricks, David Kuschner, 2015-02-05 The Handbook of the Study of Play brings together in two volumes thinkers whose diverse interests at the leading edge of scholarship and practice define the current field Because play is an activity that humans have shared across time place and culture and in their personal developmental timelines and because this behavior stretches deep into the evolutionary past no single discipline can lay claim to exclusive rights to study the subject Thus this handbook features the thinking of evolutionary psychologists ethologists and biologists neuroscientists developmental psychologists psychotherapists and play therapists historians sociologists and anthropologists cultural psychologists philosophers theorists of music performance and dance specialists in learning and language acquisition and playground designers Together but out of their varied understandings the incisive contributions to The Handbook take on vital questions of educational policy of literacy of fitness of the role of play in brain development of spontaneity and pleasure of well being and happiness of fairness and of the fuller realization of the self These volumes also comprise an intellectual history retrospective looks at the great thinkers who have made possible the modern study of play

*Schooling New Media* Tyler Bickford Ph.D., 2017-05-02 Popular music and digital media are constantly entwined in elementary and middle school children s talk interactions and relationships and offer powerful cultural resources to children in their everyday struggles over institutionalized language literacy and expression in school In *Schooling New Media* author Tyler Bickford considers how digital music technologies are incorporated into children s expressive culture their friendships and their negotiations with adults about the place of language music and media in school *Schooling New Media* is a groundbreaking study of children s music and media consumption practices examining how transformations in music technologies influence the way children their peers and adults relate to one another Based on long term ethnographic research with a community of schoolchildren in Vermont Bickford focuses on portable digital music devices i e MP3 players to reveal their key role in mediating intimate face to face relationships and structuring children s interactions both with music and with each other *Schooling New Media* provides an important ethnographic and theoretical intervention into ethnomusicology childhood studies and music education emphasizing the importance and yet under appreciation of

interpersonal interactions and institutions like schools as sites of musical activity Bickford explores how headphones facilitate these school centered interactions as groups of children share their earbuds with friends and listen to music together while participating in the dense overlap of talk touch and gesture of their peer groups He argues that children treat MP3 players more like toys than technology and that these devices expand the repertoires of childhood communicative practices such as passing notes and whispering all means of interacting with friends beyond the reach of adults These connections afforded by digital music listening enable children to directly challenge the language and literacy goals of classroom teachers Bickford's *Schooling New Media* is unique in its intensive ethnographic attention to everyday sites of musical consumption and performance and offers a sophisticated conceptual approach for understanding the problems and possibilities of children's uses of new media in schools

**Children's Folklore** Brian Sutton-Smith, Jay Mechling, Thomas W. Johnson, Felicia McMahon, 2012-10-12 A groundbreaking collection of essays on a hitherto underexplored subject that challenges the existing stereotypical views of the trivial and innocent nature of children's culture this work reveals for the first time the artistic and complex interactions among children Based on research of scholars from such diverse fields as American studies anthropology education folklore psychology and sociology this volume represents a radical new attempt to redefine and reinterpret the expressive behaviors of children The book is divided into four major sections history methodology genres and setting with a concluding chapter on theory Each section is introduced by an overview by Brian Sutton Smith The accompanying bibliography lists historical references through the present representing works by scholars for over 100 years
