hold still for three seconds in the body scanner Deemed safe we put ourselves back together and are free to buy the beverage
we were prohibited from taking through security In *The Transparent Traveler* Rachel Hall explains how the familiar routines
of airport security choreograph passenger behavior to create submissive and docile travelers The cultural performance of
contemporary security practices mobilizes what Hall calls the aesthetics of transparency To appear transparent a passenger
must perform innocence and display a willingness to open their body to routine inspection and analysis Those who cannot
whether because of race immigration and citizenship status disability age or religion are deemed opaque presumed to be a
threat and subject to search and detention Analyzing everything from airport architecture photography and computer
generated imagery to full body scanners and TSA behavior detection techniques Hall theorizes the transparent traveler as
the embodiment of a cultural ideal of submission to surveillance
