Clinical Psychology Since 1917 Donald K. Routh, 2013-11-21 This book is dedicated to my wife Marion W Routh In her way she has been informally involved in clinical psychology organizations for as many years as I have She has also served for many years as the first reader of almost all manuscripts I have written including the one for this book I can always depend on her to tell me straight out what she thinks When she found out I was writing this book she was afraid that the mass of detailed factual information I was gathering would be dull to read Therefore when I actually started writing I laid aside all notes and just told the story in a way that flowed as freely as possible I went back later to fill in the documentation and to correct factual errors that had crept in When she looked over the first draft of the book her comment was It is not as boring as I thought it would be Her frankness is so dependable that I knew from these words that there was hope but that I had my work cut out for me in the revision process By the middle of the second draft she grudgingly had to admit that she was getting hooked on the book and kept asking where the next chapter was

Psychology's Territories Mitchell Ash, Thomas Sturm, 2007-04-02 This volume is the final publication of the Interdisciplinary Working Group Psychological Thought and Practice in Historical and Interdisciplinary Perspective sponsored by the Berlin Brandenburg Academy of Sciences and Humanities from October 2000 until March 2004

Adult Personality Development Lawrence S. Wrightsman, 1994-03-15 Why do we as adults have the personality characteristics we do No one explanation is accepted by all however in this greatly expanded version of his earlier book Personality Development in Adulthood Wrightsman helps us understand and organize the three broad theoretical approaches to explain psychological changes during the period from adolescence to the onset of late adulthood Each of these approaches early formation theories stage theories and the dialectical approach are described and contrasted in order to help us more easily compare our experiences with those of others Case histories relevant current events and boxed inserts are used throughout the book to illustrate important concepts in a thought provoking lively manner Written in a compelling non technical style the book is accessible to students and interested readers from all disciplines especially psychology clinical and developmental psychology aging family studies sociology gender studies and nursing
