are born on the same day to parents who live on opposite sides of the societal fences in a small coal mining town of western Pennsylvania. Despite the economic differences between their families, the two children become best friends and their unexpected friendship eventually blossoms into forbidden love. In order to be together and escape their bleak small town opportunities, they leave the security of their homes and settle in New Jersey where their future is a blank slate. As Richard and Caroline make their way through life, their choices often veer their love off course, but the bond they share has deep roots that continually pull them together again. This tale of family friendship and love incorporates the historical events and cultural changes of the tumultuous 1900s while following the course of one couple whose connection is stronger than class or circumstance. Whether you're sailing through youthful days or enjoying your golden years, *Reflection of Memories* will capture your heart and remind you of what is truly important in life.

A Mother's Reflection Elissa Ambrose, 2012-02-15

A WOMAN S LOVE A MOTHER S SECRET Rachel Hartwell just a kid when she gave up her daughter for adoption, now yearned to be part of Megan's life and fulfill her motherly role. But a run-in with Adam Wessler, Megan's smoldering and single adoptive father, made her realize that her maternal instincts were not the only ones going unfulfilled. Adam couldn't have known what Rachel's real connection to his daughter was, because clearly all he wanted to do was pull her close from the moment he laid eyes on her. But what would happen when he learned the truth about their relationship? Would she be welcomed into the fold? Or on the outside looking in again?

The Reflection of Hope Natalie J. Damschroder, 2022-12-04

Vanessa Ripley does not call her Vanessa; she uses her rare combination of physical and mental super abilities only for consulting and training, staying out of the field. After a catastrophic mission resulted in the death of a civilian, but now her old flame Evan Forgeron needs her help. His task force is this close to stopping the Citizens Against Superhero Existence (CASE), and he needs Ripley's mental powers to do it. When Evan's in trouble, she can't say no, even if getting involved with him again threatens to tear both of them apart. Then CASE's mission becomes intensely personal, ripping open secrets Ripley never knew existed and putting a target on Evan and every superhero in the country. If they can end CASE, she and Evan may have a chance at a future together. But if they fail, it will take everything and everyone they love.

The Forging and the Death of a Reflection Dr. Peter J. Swartz, 2016-08-01

This work is a memoir. As a child and a young man, I rarely felt entitled to breathe air. Emotionally neglected by my father, as a teen I left home for a prep school at which I would spend the worst three years of my life. Trouble followed two failed attempts at undergraduate college until I found my way to a horseshoeing school out west. I was able to work as a professional farrier for several years until a ruptured disc in my back forced a career change. I chose psychology as somewhere in the back of my mind, the depression I endured as a child motivated me back to school to try to help others, eventually becoming a licensed psychologist. It was a good fit, and I have been practicing for the past twenty-five years, including many years as an instructor in psychology for Harvard Medical School. About seven years ago, I acquired tinnitus along with 50 to 60 million other Americans and, using my personal practice of meditation, developed a program to help

myself and my patients manage this chronic illness In short this work traces the forging of a debilitating sense of self and outlines the potential for it s death resulting in a selflessness that connects to the boundless goodness of the universe Lastly I have been helped in no small way throughout by the profound empathy I have shared with many magnificent beasts of the canine variety
